

**WRITTEN QUESTION TO THE MINISTER FOR INFRASTRUCTURE
BY DEPUTY L.J. FARNHAM OF ST. MARY, ST. OUEN AND ST. PETER
QUESTION SUBMITTED ON MONDAY 13th MARCH 2023
ANSWER TO BE TABLED ON MONDAY 20th MARCH 2023**

Question

Will the Minister provide details of the patient safety assumptions and the quality indicators that underpin the current project to move to a multi-site healthcare provision?

Answer

Objectives for the new healthcare facilities are currently being prepared. Improving patient outcomes and minimising clinical and operational risk are fundamental to any proposal for healthcare facilities. No proposal would be taken forward that was unsafe for patient care.

Quality Indicators for this programme will be developed in conjunction with HCS colleagues as part of the business case process.
