WRITTEN QUESTIONS

(See Item I(a))

1. The Minister for Social Security will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Will the Minister inform members of the number of young people under 21 registered as unemployed as at 1st September 2007 and each of the preceding five years?”

2. The Minister for Economic Development will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Will the Minister inform members of the numbers of 16-19 year olds taken on to apprenticeship schemes, both States-supported and other, over the past five years and will he account for any changes over this period?”

3. The Minister for Economic Development will table answers to the following questions asked by Deputy G.P. Southern of St. Helier –

- “1. Will the Minister inform members whether those non-locally qualified (NLQ) employees engaged by local firms on a secondment or short-term contract basis are included in the manpower figures used to measure and report on NLQ quotas under RUDL?

2. Will he further indicate for members what length of contract would qualify to be classified as short-term or secondment?

3. Will the Minister also inform members what data he has in number and percentage terms of such secondment/short-term contract employees, engaged in the sectors monitored by the manpower reports? Can he also produce comparative figures for five years ago?

4. Will the Minister further inform members how RUDL conditions are applied in the case of short-term contracts or sub-contract conditions in the construction industry?”

4. The Minister for Treasury and Resources will table an answer to the following question asked by Deputy G.P. Southern of St. Helier–

“Will the Minister indicate to members whether any codes are in place to allow Ministers when deciding between rival bids for States contracts to award such contracts on grounds other than financial/best value terms, such as a company’s record of employment of locally qualified workers or of numbers of apprenticeships? If not, will the Minister consider the introduction of such codes?”

5. The Chief Minister will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“In the light of the summary statement below and the draft 2008 -2010 figures presented at the Annual Business Plan briefing for members of 23rd March 2007, does the Chief Minister now accept that the concerns I raised during the Business Plan debate over significant transfers of funding from the Rural and Tourism sectors to Enterprise and Business Development, Finance and Policy areas in the Economic Development budget and the misleading nature of such figures given the eventual budget outcome were fully justified?”

-

SUMMARY OF ISSUES RAISED BY DEPARTMENTS

-

The attached summary has been prepared following the Council's meeting of 8th March 2007. This summary represents the key issues raised by departments in their returns and also those issues highlighted by Ministers at their meeting of 8th March.

Economic Development

The service changes identified reflect:

The remaining resource allocation savings and gradual winding down of agricultural subsidies are planned

- Reductions in Tourism marketing and PR spend
- Significant business re-engineering refocusing which will enable funding and subsidies to new areas to promote economic growth including new monies
 - High value industries
 - Develop air and sea routes
 - Further market and develop finance industry
- Other pressures in Regulation office, grant funding of JCRA.”

6. The Minister for Home Affairs will table an answer to the following question asked by Deputy G.P. Southerr of St. Helier–

“Will the Minister advise members, what steps, if any, have been taken to address the ‘less than adequate staffing’ of the Joint Financial Crimes Unit (JFCU) that the International Monetary Fund (IMF) reported in 2003, and will she inform members if the current level of staffing and experience within the JFCU now meets the requirements of the IMF?”

7. The Minister for Health and Social Services will table an answer to the following question asked by Deputy G.C.L. Baudains of St. Clement -

“Would the Minister inform members how many layers of management exist at Health and Social Services between the Chief Executive Officer and nurses and state whether he will be taking any steps to amend the present structure?”

- 8 H.M. Attorney General will table answers to the following questions asked by the Deputy of St. Martin -

“1.(a) Does the Attorney General share Mr. Jonathan Cooper’s view in his Opinion given to him by the former Education and Home Affairs Scrutiny Panel on 14th May 2007, that there is a systemic violation of Article 6 of the European Convention on Human Rights on the ground that the ‘dual role’ of the Magistrate does not give the impression that the Court is independent and impartial?”

(b) Does the Attorney General share Mr. Cooper’s view that the role of Centeniers in relation to fixing and listing trials in the Magistrate’s Court gives rise to a systemic violation of Article 6 on the basis that it compromises the independence and impartiality of the Court?

(c) Does the Attorney General share Mr. Cooper’s view that Article 6 now requires there to be a professional prosecutorial system in place as part of the general obligation for fairness?

(d) Does the Attorney General share Mr. Cooper’s view that there is a systemic violation of Article 14 in relation to Article 6, insofar as a distinction is drawn between more serious offences (dealt with by legal advisers) and less serious offences (dealt with by Centeniers)?

(e) Does the Attorney General share Mr. Cooper’s view that there may be a systemic violation of Article 8 on the grounds those victims’ rights may not be properly guaranteed?

2. When the Attorney General appeared before the Social Affairs Scrutiny Panel on 6th November

2006 he suggested that there would need to be two or three legal staff plus secretarial support and that salary costs for this staff would be round about £300,000 a year if staff in his department handled all cases in the Magistrate's Court, should the Centeniers' role in Court cease. Would the Attorney General provide a detailed breakdown of this estimate?

3. Will the Attorney General state whether a role equivalent to designated case workers, as employed by the Hampshire and Isle of Wight Crown Prosecution Service on an average salary of between £27,000-£30,000, would in principle be acceptable in Jersey (this would require amendment to legislation) and if so how the creation of such posts would affect the estimate of the salary costs mentioned in the preceding paragraph?
4. What capacity is there for the current legal advisers to take on additional work in the Magistrate's Court?"

9. The Minister for Education, Sport and Culture will table answers to the following questions asked by Deputy S.S.A.P. Power of St. Brelade -

"1. Would the Minister advise members how many days that Elizabeth Castle had to close during 2007 due to -

- (a) the late arrival in Jersey of the Amphibious Vehicle known as the Castle Ferry,
- (b) the number of recorded breakdowns to date of the Castle Ferry,
- (c) the non-operational nature or other problems directly associated with the Castle Ferry that closed Elizabeth Castle for any other reason?

2. Would the Minister advise the Assembly of the admission figures to Elizabeth Castle for the comparable periods in 2006 and 2005 and would he further advise whether the estimated cost, in terms of loss of revenue to the Jersey Heritage Trust caused by these enforced closures, will be recovered from the new operator?

3. When are the two new amphibious machines referred to in the award of the new operating contract (2007) due to arrive in Jersey, when will the existing machine cease service and does he intend to review the operating contract of the new operator in light of the first season's experience?

4. Would the Minister advise -

- (a) how many persons were admitted and attended the event held at Elizabeth Castle on 28th July 2007, how many people, if any, were stranded at the Castle after midnight, owing to a breakdown of the Castle Ferry and what time the Castle authorities finally evacuated and closed the Castle on the morning of Sunday 29th July?
- (b) whether the States of Jersey Police asked for a meeting with the Jersey Heritage Trust owing to this incident to review operating procedures and contingencies?

10. The Minister for Economic Development will table an answer to the following question asked by Deputy S.S.A.P. Power of St. Brelade -

"(a) Would the Minister advise members whether, on 20th June 2007 when the Library and Educational Charity Ship Logos II was docking in Jersey, the starboard bow of the ship hit the Victoria Quay, causing damage to some land ties adjacent to the cement pump housing location and dragging a harbour crane along the Victoria Quay for some distance and then the ship allegedly reversed into the former harbour workboat, Duchesse of Normandie ?

(b) Would the Minister confirm whether any employees of Jersey Harbours were on the bridge of Logos II

during this alleged incident, and if so, what role they were performing?

- (c) Can the Minister confirm whether a Jersey qualified Port Pilot was on board the ship and whether the investigation into this alleged incident by the Marine and Coastguard Agency, through its Marine Accident Investigation Branch will be made public?"

11. The Chairman of the Public Accounts Committee will table an answer to the following question asked by Deputy R.G. Le Hérisier of St. Saviour –

“Is the Committee undertaking any studies presently or in the next financial year on staffing costs in specific States departments? If so, in which departments?”

12. The Minister for Transport and Technical Services will table an answer to the following question asked by Deputy R.G. Le Hérisier of St. Saviour –

“Has the Minister received the legal advice (Recommendation 6 of Committee of Inquiry into Tender Process and Award of Bus Services Contract, R.C.58/2005) and, if so, what action has been taken?”

13. The Minister for Economic Development will table an answer to the following question asked by Deputy R.G. Le Hérisier of St. Saviour –

“Would the Minister outline the annual cost of renting departmental offices in Bath Street, St. Helier, the length of the current lease and on what basis the length of the current lease was determined?”
