<b>11/06/14 Item 5  515/23</b>	<p><b>1. Jersey Aircraft Registry</b></p> <p>The Panel met the Minister for Economic Development to raise a number of concerns with the content of the Business Case, and the implications of the inadequate time afforded to it to undertake its work ahead of the forthcoming States debate on associated legislation, scheduled for 17th June. As an immediate step, it was agreed that the Minister would defer debate until the subsequent sitting in order to provide the Panel with further detail and research underpinning the Business Case. The Panel would also submit a number of questions and information requests that the Department would endeavour to address. The information provided would help inform the Panel's approach to the debate, and any related actions it might take.</p> <p>Following the meeting with the Minister for Economic Development, the Panel drafted a series of questions and information requests to be forwarded to the Department once suitably formatted.</p>	<b>TO</b>
