WRITTEN QUESTIONS

(See Item I(a))

1. The Minister for Transport and Technical Services will table an answer to the following question asked by the Deputy of Grouville –

“Further to the answer to a written question tabled on 21st February 2012 relating to the “eco-friendly parking permits” which were first issued in 2008, would the Minister provide the following further details to enable members to establish a clearer understanding of the success or otherwise of this incentive scheme which is aimed at improving air quality –

- a) The total number of vehicles registered for “eco-friendly parking permits” in each of 2009 and 2010;
- b) The total value (to the nearest pound) of the parking scratch cards issued to “eco-friendly” qualifying vehicles in each of 2008, 2009 and 2010;
- c) The total number of all vehicles qualifying under emission band B (100/120gm CO₂/km) in each of 2008, 2009, 2010 and 2011;
- d) The total value (to the nearest pound) of the parking scratch cards issued to all qualifying vehicles in band B in each of 2008, 2009, 2010 and 2011;
- e) The total number of hybrid vehicles qualifying under emission band B in each of 2008, 2009, 2010 and 2011;
- f) The total value (to the nearest pound) of the parking scratch cards issued to hybrid vehicles qualifying under band B in each of 2008, 2009, 2010 and 2011?”

2. The Minister for Treasury and Resources will table an answer to the following question asked by the Deputy of Grouville –

“Could the Minister define the formal process by which the landscape design and architectural services for States projects are put out to open competitive tender to the local design industries?”

3. The Minister for Education, Sport and Culture will table an answer to the following question asked by Deputy S.S.P.A. Power of St. Brelade –

“In relation to the 2 replacement vehicles for the Elizabeth Castle ferry service purchased by the Jersey Heritage Trust in the Summer of 2008 at a cost of £500,000 would the Minister provide the following information to show the operating costs of these two machines in the four calendar years 2008 to the end of 2011:

- (i) operating costs for 2008 to 2011 including staff, fuel and insurance;
- (ii) mechanical repairs and winter overhauls for 2008, 2009, 2010 and 2011;
- (iii) the cost of re-fitting the machines in the winter of 2011 with hydrostatic drive systems?”

4. The Minister for Education, Sport and Culture will table an answer to the following question asked by Deputy S.S.P.A. Power of St. Brelade –

“Can the Minister outline how many members of staff at the Jersey Heritage Trust are on final salary pension plan and part of the Public Employees Contributory Retirement Scheme?”

5. The Minister for Education, Sport and Culture will table an answer to the following question asked by Deputy S.S.P.A. Power of St. Brelade –

“Would the Minister inform members how many vehicles the Jersey Heritage Trust utilises out of the pool of leased cars that Transport and Technical Services Department administer on behalf of the States?”

6. The Chairman of Privileges and Procedures Committee will table an answer to the following question asked by the Connétable of St. John –

“Would the Chairman inform members whether the Data Protection Commissioner was consulted on whether it was appropriate for a member to be required to declare the interests of his or her spouse or partner before the Committee lodged the Amendment (No. 18) to the Standing Orders of the States which will require publication of interests on the internet and, if so, what advice was received? If the Commissioner was not consulted would the Chairman explain why this was not done?”

Were all candidates standing for election in October 2011 notified in writing of the requirements concerning the interests of spouses/partners and, if so, did this include getting written consent from the spouse/partner agreeing to the publication of interests? Were candidates further notified that it was intended to publish interests on the internet as well as making them available for public inspection in Morier House?

If candidates were not notified, will the Committee be taking action to address the issue and will the Committee agree to delay the implementation of the proposals until the next elections to enable appropriate measures to be taken to address any concerns relating to the interests of spouses/partners?”

7. The Minister for Economic Development will table an answer to the following question asked by the Connétable of St. John –

“In view of the current difficult economic climate what plans, if any, has the Minister made to ensure continuity of service to keep freight and passenger vessel transport operating in the event of one or more shipping companies ceasing trading to cover the disruption that would be caused?”

8. The Minister for Housing will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Will the Minister produce for members the figures on which he has based the statement *“Social housing rents and States rents in particular have fallen significantly behind the market”* given in response to question 6754 on 6th March 2012?”

Will the Minister set out how States and Housing Trust rents compare with the Jersey private sector rent index over the period since 2005 and in particular since 2009 when the index has been largely flat?

Will the Minister justify his response *“However, it would not be appropriate for a White Paper on Housing reform to discuss the detailed interaction between rent levels, income tax thresholds, minimum wage and Income Support?”* Does the Minister consider that a detailed analysis of this interaction is required before any long-term major policy decisions are made in this area and, if so, when, and by whom, does he expect such analysis to be done and, if not, why not?”

9. The Minister for Social Security will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Will the Minister state what numbers of claims and total sums for Income Support special payments were paid to claimants in 2008, 2009, 2010 and 2011 by group, as follows:

1. Essential household equipment
2. Rental deposit
3. Removal expenses
4. Employment related expenses
5. Medical expenses
 - (a) Additional GP visits
 - (b) Dentistry
 - (c) Chiropody
 - (d) Optician’s services
 - (e) Medical products (e.g. dressings)
6. Health & Safety
7. Funerals
8. Failed jobseekers

How many claims paid for dentistry would have been reduced or stopped by the new cap of £500 over 2 years, along with the total savings?

Does the Minister agree that early intervention in this area, is a “spend to save” measure that will prevent greater costs in the long-term in line with the approach presented in the Health and Social Services green paper “Caring for each other”?

What consultation has the Minister undertaken with dentists or the Minister for Health and Social Services to assess the impact on dental health of income support claimants and in potential increased costs in the long-term of the denial of essential and preventative dental surgery resulting from the new limits and, if none, when will he do so?”

10. The Chief Minister will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Notwithstanding the decision of the SEB only to negotiate on the basis that any pay rise for the public sector in 2012 and 2013 can only be met by cost-saving reductions in employees terms and conditions, does the Chief Minister Consider that Jersey has fallen seriously behind the UK on terms and conditions for workers?”

Does the Chief Minister accept that statutory maternity pay terms in Jersey are substantially below those in the UK and does he consider that such differences are a serious impediment in recruiting professionals in such areas as nursing, teaching, medicine and social work, and, if so, what plans does he have in order to address this issue?

Further as he attempts to open genuine negotiations on terms and conditions, and in the light of any proposals on the potential for privatizing or outsourcing public services, will the Chief Minister table the introduction of Transfer of Undertakings (Protection of Employment) legislation at the next meeting with public sector representatives?”

11. The Minister for Health and Social Services will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“What consultation has taken place between her department and third sector providers to agree new service level agreements over the period of the coming Strategic Plan?

In particular, in the delivery of what specific services is a greater role for third sector envisaged?

Has the Minister made any progress in securing 3-year funding streams for third sector service delivery?

What role does charging play in the delivery of services over the next 3 years?”

12. The Minister for Treasury and Resources will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Further to the Fiscal Policy Panel (FPP) report of July 2011 which stated that Jersey workers from all earning bands had suffered a reduction in disposable incomes of around 7 to 9% since 2008, what figure does the Minister have for the impact of his current tax and wage-setting policies on disposable incomes in 2012?”
