Dear Chair,

**Future Economy Programme progress**

Thank you for your letter of 31<sup>st</sup> May, in which you provide a number of questions with regards to the Future Economy Programme. I have set out below answers to each of these in turn:

1. *Noting your letter of the 21st April 2023, in which you identify that full Economic Strategy will build on from the Outline Economic Strategy and detail how the 2040 vision can be achieved, we would be grateful if you could identify if there will be a document produced this year that will refine the vision and/or identify the policy decisions which you will need to make in order to refine the vision and drive future economic policy?*

The full Economic Strategy will be produced this year which will build out the vision from the Outline Economic Strategy and drive future economic growth.

2. *The Panel understands from your letter that informal consultation is due to be undertaken. Please could a list of the attendees to be invited to any internal or external workshops be provided?*

This list has been provided as a confidential annex.

3. *The Panel would also value confirmation that the members of the previous Economic Council have been directly contacted as part of informal discussions of the Future Economy Programme, given their former contribution to economic advice to which the Outline Economic Strategy refers?*

The previous Economic Council members are being directly contacted in our engagement phase. We have a workshop scheduled with them for later in the month.

As you will have seen all States Members have been invited to a briefing on the Future Economy Programme, should you wish for a further briefing or workshop for the members of the Panel I would be happy to arrange this.

I hope the above provides clarity to the areas you have raised.

Yours sincerely,
