## COMMENTS

This amendment adds a fifth ‘on-going’ initiative to the Common Strategic Policy (“CSP”). The amendment focuses on the work of the Privileges and Procedures Committee (“PPC”) and secures the commitment of government to work with the States Greffe and the PPC to consider issues such as voter registration and barriers to a higher election turnout. In addition, the Council will also work with the Parishes recognising the role they play in registration.

The amendment appropriately acknowledges the role of the PPC and expands on themes within the CSP regarding open and accessible government. The Council of Ministers therefore support this amendment.
