Note –

In accordance with the meeting dates fixed for 2016 by the Privileges and Procedures Committee, this meeting will continue, if necessary, on Wednesday 15th and Thursday 16th June 2016.

Explanatory Note regarding subordinate legislation tabled at this meeting.

(See Item B)

R&O.59/2016.

This Order amends the definition “exempt company” in Article 102(1) of the Companies (Jersey) Law 1991 to implement the change made by Directive 2014/56/EU of the European Parliament and of the Council of 16 April 2014 (OJ L 158, 27.5.2014, p. 196) to Article 45(1) of Directive 2006/43/EC of the European Parliament and of the Council of 17 May 2006 on statutory audits of annual accounts and consolidated accounts (OJ L 157, 9.6.2006, p. 87).

The Order was made on 1st June 2016 and comes into force on 17th June 2016.

R&O.60/2016.

This Order amends the Road Traffic (Public Parking Places) (Jersey) Order 2006 in respect of car parks in 3 locations, and changes the controlling body for some others.

At the Springfield South Car Park in St. Helier the maximum stay is changed from 12 to 3 hours (in a continuous 24 hour period), for which the arrival time must be indicated by a parking disc.

A new public car park is established in St. Lawrence, as the Moignard Liberation Garden Car Park. The maximum permitted stay between 8 a.m. and 8 p.m. is 3 hours, and the arrival time must be indicated with a parking disc (and a commercial vehicle over 15 feet in length must not be parked without permission).

Regulation of parking is introduced at Hautlieu School and Highlands College in St. Saviour, for the Hautlieu School Car Park, the Highlands College Upper Car Park, the Highlands College Lower Car Park and the Highlands College Access Road Car Park. The maximum permitted stay is 12 hours in any continuous 24 hour period (and a commercial vehicle over 15 feet in length must not be parked without permission).

The controlling body for the car parks at Hautlieu School and Highlands College is to be the Minister for Education. Some existing car parks elsewhere are for sporting or cultural facilities, rather than for schools and other educational facilities. The Order therefore also takes the opportunity to update the definition of “controlling body” to reflect the responsibility of the Minister for Economic Development, Tourism, Sport and Culture (rather than the Minister for Education) for the car parks at Les Creux, Airport Playing Fields, Les Quennevais Sports Centre, Fort Regent, Pier Road (top levels), Springfield Stadium (East, North and South), Val Plaisant Gyratory, FB Playing Fields and Grainville Playing Field.

The Order was made on 6th June 2016 and came into force on 13th June 2016.

WRITTEN QUESTIONS

(See Item I(a))

1. The Minister for Housing will table an answer to the following question asked by the Deputy of Grouville –

“Further to her comments on 10th May 2016 on estimating the number of empty houses on the Island, what priority is her department giving to work on this issue and what timetable has she set for completing the work necessary to make such an estimate?”

2. The Chief Minister will table an answer the following question asked by the Deputy of Grouville –

“Could the Chief Minister advise members of how many people were employed by the States of Jersey, including Visit Jersey, Andium Homes and Ports of Jersey, in October 2011 and June 2016?”

3. The Minister for Home Affairs will table an answer to the following question asked by Deputy J.A. Hilton of St. Helier –

“Will the Minister, in consultation with the Chief Minister, examine the structural relationship between the prison and probation services and, having regard to the position elsewhere in the British Isles, bring forward proposals for fully integrated offender management and democratic oversight by the end of the year?”

4. The Minister for Social Security will table an answer to the following question asked by Deputy J.A. Hilton of St. Saviour –

“Could the Minister provide a breakdown of how many people residing outside Jersey received Long Term Incapacity Allowance in each year from 2010 to 2015; in which countries such people resided and what nationalities such people were; how long such people (a) contributed to the social security system in Jersey before receiving this benefit and (b) have been receiving this benefit; what percentage award such people receive and what the value of the benefit is to each recipient; and how often such people are assessed in Jersey in relation to receipt of this benefit?”

5. The Minister for Education will table an answer to the following question asked by Deputy S.Y. Mézec of St. Helier –

“What steps is the Minister taking to increase recruitment of newly qualified teachers in Jersey? In the light of his Assistant Minister’s responses to Question 9456 on 24th May 2016 and his answers at the Education and Home Affairs panel’s quarterly public hearing on 19th May 2016 on teacher recruitment, what is the evidential base for the argument that the recent pay award will have little impact on teacher recruitment? Does the Minister plan to maintain the pay and terms and conditions for teachers, in particularly newly qualified teachers, at least at current standards?”

6. The Minister for Education will table an answer to the following question asked by Deputy S.Y. Mézec of St. Helier –

“Following his answer to Question 9396 on 26th April 2016, in which the Minister said "a small adjustment to the formula for calculating the States grant to the fee-paying schools is under consideration", how much of a saving is he planning to achieve from this adjustment and how does he plan to reallocate the money so saved?”

7. The Minister for External Relations will table an answer to the following question asked by the Deputy of St. John –

“What are the potential implications for Jersey of the UK Government's proposals for a British Bill of Rights to replace the Human Rights Act 1998?”

8. The Minister for Education will table an answer to the following question asked by Deputy S.Y. Mézec of St. Helier –

“Following part D of R.51/2016 ‘Higher Education Funding’, entitled Expansion of Campus Jersey, which concludes that the government will progress with exploring the options to provide more on-Island higher education services, could the Minister indicate what he is planning to do to pursue this aim, along with what funding he considers will be necessary to enable local students to afford to sign up to any new courses?”

9. The Minister for Infrastructure will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“Breaking the information down to individual named clubs, would the Minister advise members what sports facilities are owned by the States of Jersey/Jersey Property Holdings and leased out to individual clubs, together with details of the annual rent paid by these clubs and the annual cost of maintaining their sports facilities? Would the Minister also state whether he is planning any increased rents or charges for maintaining these sports facilities?”

10. The Minister for Home Affairs will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“Following Question 9415, did the complaint from Mr Roy Boschat come to the Minister directly or from another source and, if so, what was that source; what terms of reference has she set for the inquiry by the Police Service of Northern Ireland into the Boschat case; how long does she expect the inquiry to last and what is its estimated cost; from which budget will the investigation be funded; what was the cost of the two previous external police investigations into this matter; and why she considers it necessary to investigate this case again given that there have been two previous investigations by external police forces?”

11. The Chief Minister will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“Would the Chief Minister advise members, using a table, of the number of legal actions that have been commenced against the States of Jersey for each year from 2008 to the present date, listing the type or nature of the litigation, the cost of defending the actions, and whether the actions were successful, unsuccessful or successfully mediated? Would he also state the amount of costs recovered each year from cases ruled in favour of the States?”

12. The Chief Minister will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“Will the Chief Minister set out for members the procedures adopted by States Departments for hearing complaints against members of staff and the role of the States Employment Board in this process, setting out the time schedules involved?”

- 13 H.M. Attorney General will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“Will the Attorney General summarise for members the source of the legal powers and responsibilities of Centeniers and how they may be held accountable for the manner of execution of their duties, whether as honorary officers or prosecutors?”

14. The Minister for Health and Social Services will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Will the Minister inform members in detail of what plans he has under consideration to review and redesign his department’s community and social services provision for adult social care and long term care? What estimates has he made of budget savings arising from these proposals in total and in each year over the period of the 2016-19 MTFP and as a proportion of the total budget for such care? Will he further state whether this review will involve any loss of FTE posts, and if so, how many and in what year? What proposals does he plan to bring forward for older adult nursing home in-patient services as part of the review and redesign process? Is consideration being given to cessation of such services and, if so, what will replace them, what loss of posts would his proposals entail, if any, and what estimates does he have for departmental budget savings, both in non-staff and staff costs in real terms and as a proportion of the older adult budget?”

15. The Minister for Health and Social Services will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Will the Minister detail for members what proposals, if any, he has under consideration for new or increased charges for hospital services in order to meet his budget targets under the next stage of the MTFP and state what sums he expects to raise through each such charge? Will he further state what principles and practical measures he will apply to ensure that the impact of such charges are mitigated for those on low incomes or with high medical needs?”

16. The Minister for Infrastructure will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –
