

The Scrutiny Panel Clerk
 Jersey Overseas Aid Committee
 Maurier House
 Hill Street
 St Helier

Dear Sir

I am writing to express my admiration and respect for the work of Jersey Overseas Aid and in particular for the drive, dedication and enthusiasm of the President Mrs Jacqui Huet.

As Headmaster St Michael's School, I led my first party for JOA in 1974 to Kenya. I have subsequently become closely involved in the Nifumi Project which has benefited from two JOA work parties and also in a school for Aids orphans in Kampala.

Without doubt the JOAC deserves high praise for its work. Not only have so many needy projects abroad prospered as a result of their input, but so many local people have been miraculously transformed from the experience of working in Third World Countries; I speak from personal experience.

May the JOAC and its activities continue to grow & prosper

Yours faithfully,

John Carnegie
