**Subject:** early years

Dear Tim

The information from parents as promised. I will in place just type in a few comments of theirs.

'Finance plays a big part in where to send my child, due to having other financial commitments aswell.'

[Finance plays] 'a huge role, by placement in a non-fee paying nursery would save me a great deal of money'

'Finance is the main reason there are no other factors that would influence our decision' [To use a school nursery]

'The financial aspect is the main reason why I would consider sending my children to a non-fee paying nursery class, as I now have 2 children of nursery age. However I am not sure that the disruption to the child is worth the financial saving.'

I will send others through as we find them.

Thanks

Tim Brint
