	<p>Waste Review - Paper Recycling fact finding visit to France.</p> <p>The Panel conducted a telephone meeting in connection with a proposed fact finding visit to France to view two paper recycling sites on Tuesday 12th June 2007.</p> <p>The Chairman advised that the contact he had made would organise the transport to the sites both of which were within easy distance of St. Malo.</p> <p>The Panel agreed that the visit to the paper recycling centres would be beneficial and requested the officer to make the necessary travel arrangements with Dr. L. Lamballais in France subject to all members being content with the timetable. The Panel requested that it be provided with costs for the visit at the earliest opportunity but noted that a one day round trip by boat would cost approximately £150, it accepted that the cost did not include transport in France or meals.</p> <p>Connétable Crowcroft advised that whilst supportive of the visit he had prior commitments that would preclude him from participating.</p>	CLQ
