Explanatory Note regarding subordinate legislation tabled at this meeting.

(See Item B)

R&O.121/2017.

Road Traffic (St. Helier) (Amendment No. 33) (Jersey) Order 2017.

This Order amends the Road Traffic (St. Helier) (Jersey) Order 1996 (“principal Order”) to make provision to allow internet payments for parking charges on public roads in St. Helier as an alternative to purchase of pay cards.

Article 1 is an interpretation provision.

Articles 2 to 7 insert a definition of “valid remote payment” in the principal Order and makes consequential amendments to the Order to allow internet payments for parking charges. It also makes provision for a digital photograph to be used as evidence of a vehicle parked at a parking place and for a printed copy of records held by the Minister for Infrastructure of valid remote payments to be prima facie evidence of whether or not a valid remote payment has been made.

Article 8 sets out the title of the Order and provides for its commencement.

The Order was made on 20th November 2017 and came into force on 27th November 2017.

WRITTEN QUESTIONS

(See Item I(a))

1. H.M. Attorney General will table an answer to the following question asked by Deputy S.Y. Mézec of St. Helier –

“What legislation, if any, exists to govern political opinion-polling conducted by private companies on behalf of prospective election candidates?”

2. The Minister for Social Security will table an answer to the following question asked by Deputy S.Y. Mézec of St. Helier –

“Could the Minister indicate how much is spent per year on subsidising GP appointments for Islanders and further give estimates as to the potential cost of fully subsidising the service to allow people to attend appointments with their GP without having to pay?”

3. The Minister for Health and Social Services will table an answer to the following question asked by Deputy S.Y. Mézec of St. Helier –

“Could the Minister indicate how many people are undertaking general nursing training in Jersey, including a breakdown of numbers in year group of study? Could he further indicate the cost of covering the tuition fees for these courses?”

4. The Minister for Infrastructure will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Further to the answers given on 14th November 2017, will the Minister release to members the TMS (Parsons Brinkerhoff) design development/Safety Review commissioned in 2011, along with minutes or notes from departmental meetings at which the design brief/project funding/budget was discussed internally or with external agencies in 2010/11, and if not why not?”

Why was it agreed on 27th September 2011 that the Town Park Capital Budget would fund all road improvements in Gas Place and Oxford Road (including rising bollards), but not Robin Place/Tunnell Street? What is the difference, if any, between these two access points?

Will the Minister release any minutes or papers to support his assertion in paragraph (c) of his written answer that the Council of Ministers had agreed funding for the creation of the Park?

Is it the case that there was no agreement between the Parish and Infrastructure over the removal of funding for rising bollards in Robin Place as recorded in the exchange of emails on 27/09/2011 and 04/11/2011?

What justification, if any, was given for the decision made in December 2012 to repay contingency funding of £500,000 despite the failure to agree Tunnell Street access with the Parish?”
