It replaces references to intra-Community trade with references to trade with the European Union. It also expands references in Schedules 1, 2 and 4 to Directive 64/432/EEC (as defined in Article 1 of that Order) to allow the Minister for the Environment ("the Minister") to apply equivalent or more stringent standards in determining whether a herd is free of certain bovine diseases. The definition of EC storage centre in Article 1 is amended to include a centre approved by the competent authority of a British Island for export to the European Union and there is an amendment in Schedule 1 to ensure that paragraph 2(1)(d) refers to the current version of the Terrestrial Animal Health Code.

Article 2 amends the Schedule to the Animal Health (Importation of Miscellaneous Goods and Animals) (Jersey) Order 2017. It makes amendments to ensure that any exceptions that applied to the United Kingdom by virtue of its membership of the European Union, continue to apply. It also adds horses and aquaculture animals to the list of animals that must not be imported into Jersey without a licence. For horses the prohibition applies to importers from all countries except the British Islands and for aquaculture animals the prohibition applies to imports from all countries. The amendment also removes the exception previously in place for importation of bovine semen, ova and embryos if they complied with the Artificial Insemination of Domestic Animals (Bovine Semen) (Jersey) Order 2008 and embryos of domestic cattle that complied with the import provisions in the Community Provisions (Bovine Embryos) (Jersey) Regulations 2010.

Article 3 amends the Animal Health (Swine) (Jersey) Order 2017 to remove all references to EU Directives and the definition of, and references to, the Diagnostic Manual. The references to the Diagnostic Manual are replaced with references to instructions of the States Veterinary Officer.

Article 4 amends the Animal Health (Tuberculosis) (Jersey) Order 2017, to permit the veterinary inspector to decide, having regard to the relevant EU Directive and or equivalent national or international standards, to withdraw or suspend the tuberculosis-free status of any herd. A further provision is inserted that permits the Minister to issue a notice on a keeper of a bovine animal to present the animal for a test on a certain date.

Article 5 substitutes a new Article 14 of the Diseases of Animals (Bees) (Jersey) Order 2013. It extends the requirement for the licensing of the importation of bees into Jersey from the British Islands to all countries of origin. It also extends the licencing regime to used bee equipment.

Article 6 amends Article 2 of the Diseases of Animals (Rabies) (Importation of Mammals) (Jersey) Order 2011 to add British Islands to the exceptions that apply to pet rodents and rabbits in relation to the prohibition of landing animals in Jersey.

Article 7 gives the title by which the Order may be cited and brings the Order into force 7 days after it is made.

The Order was made on 21st January 2021 and came into force on 28th January 2021.

The Order was made on 28th January 2021 and came into force on 1st February 2021.

R&O.11/2021.

Sanctions and Asset-Freezing (Implementation of External Sanctions) (Jersey) Order 2021.

Minister for External Relations.

This Order repeals and replaces the Sanctions and Asset-Freezing (Implementation of EU Regulations) (Jersey) Order 2020 (the “EU Order”), and the 2 other Orders made under the Sanctions and Asset-Freezing (Jersey) Law 2019 (the “Law”). Whereas the EU Order implemented sanctions contained in EU Regulations, this Order implements equivalent sanctions contained in UK Regulations after Brexit (but still implements 4 EU Regulations that have been retained in UK law).

This Order gives effect to the whole of each UK sanctions Regulation specified in Schedule 1, including future amendments, but subject to modifications similar to those in the replaced EU Order. Those modifications are more extensive, to cater for the fact that EU Regulations are designed to be implemented in different countries whereas UK Regulations are not. In particular, the Minister for External Relations (the “Minister”) generally acts in place of the UK Secretary of State (except in making initial designations of persons who are subject to the sanctions).

Where any of the UK Regulations requires an asset-freeze, this Order imposes the standard asset-freeze in Part 3 of the Law, in the same way as the EU Order did, instead of imposing the slightly varying versions set out in different UK Regulations at different times.

This Order also relies, as did the EU Order, on the offences in the Law relating to asset-freezes and provision of information, and supplements them with just one offence of contravening or circumventing other provisions specified in column 5 of the table in Schedule 1 (carrying the same maximum penalty of up to 7 years of imprisonment, an unlimited fine, or both, which matches the penalty for the offences of breaching an asset-freeze under the Law). The Order also provides for licences to be granted in relation to the provisions specified in column 5 of that table, to match those that can be granted under the Law in relation to asset-freezes (instead of relying on implementing individual licence provisions from each implemented regime, as the EU Order did). Licences granted under (or in relation to) the EU Order are kept in effect for 6 months after the commencement of this Order (after which licences will have effect only if granted or renewed under or in relation to this Order). This Order also includes new provision to recognise equivalent licences and other authorisations granted by the UK, Guernsey, Isle of Man and British overseas territories. As in the EU Order, and as provided for by Article 4 of the Law, the relevant obligations and prohibitions that apply to types of financial services business are applied to trust company business in Jersey, even if they would not apply to the equivalent business in the UK (or EU).

Under the UK Regulations, but not the EU Regulations, designations can be made on a confidential basis (where the designated person is aged under 18, or in the interests of justice, national security or international relations, or for reasons connected with serious crime). This Order provides that the designation is to be treated as confidential in Jersey law only if the Minister (at the request of the UK Secretary of State) specifies to those who are informed of the designation that they must keep it confidential. It is an offence, carrying up to 2 years of imprisonment, an unlimited fine, or both, to disclose the confidential information.

Alongside the UK Regulations, this Order also implements 4 EU Regulations that prohibit the satisfaction of claims affected by UN Security Council resolutions passed between 1990 and 1994 in relation to Iraq, Libya, Haiti, Serbia and Montenegro. Those EU Regulations have not been implemented by the UK under its own sanctions legislation, but have instead been kept as retained EU legislation.

This Order implements, with adaptations for Jersey, provisions of UK Regulations that enable shipping and aviation to be controlled for sanctions purposes. In relation to enforcement against ships in Jersey waters, the Order applies Article 7 of the Law, to permit UK officials to exercise their enforcement powers. The Order also provides that people designated under the UK Regulations as “excluded persons” for the purpose of UK immigration legislation are to be treated as so designated for the purpose of that legislation as it is extended to and modified for Jersey.

Like the EU Order, this Order also includes general provisions to adapt all of the UK Regulations for their application in Jersey. But it also includes special provisions in relation to 4 of the UK Regulations whose application does not fit under the general provisions.

The Order comes into force on 12th February 2021.

The Order was made on 29th January 2021 and comes into force on 12th February 2021.

R&O.12/2021.

Immigration (Fees) (Amendment No. 5) (Jersey) Order 2021.

Minister for Home Affairs.

This Order amends the Immigration (Fees) (Jersey) Order 2017.

Article 1 changes the definition of a “dependant” so that it means a spouse or civil partner, someone who has been living with another person in a relationship akin to a marriage or civil partnership for at least 2 years, or someone whose entitlement to make an application arises from a connection with another person.

Article 2 adds fees for applications under Appendix HK(J) British National (Overseas) to the Jersey Immigration Rules by people who are, or are connected to, British National (Overseas) citizens ordinarily resident in Hong Kong.

Article 3 names the Order and brings it into force on 31st January 2021.

The Order was made on 29th January 2021 and came into force on 31st January 2021.

R&O.13/2021.

Covid-19 (Workplace Restrictions) (Amendment No. 8) (Jersey) Order 2021.

Minister for Health and Social Services.

This Order amends the Covid-19 (Workplace Restrictions) (Jersey) Order 2020 (*Article 1*).

Article 2 amends Article A1 to provide that a reference in the Order to a workplace being prohibited from being open to the public, or open to the public only for specified purposes, does not permit the workplace to be open only to a section of the public.

Article 3 amends Article 5A to widen the condition of opening that the occupier or operator of the premises requires anyone working there to wear a mask or visor, to apply, in the case of retail premises, irrespective of whether or not the person is in the presence of a visitor.

Article 4 provides for how the Order may be cited and provides for it to come into force on the day after it is made.

The Order was made on 29th January 2021 and came into force on 30th January 2021.

R&O.14/2021.

Covid-19 (Workplace Restrictions and Gathering Control) (Amendment) (Jersey) Order 2021.

Minister for Health and Social Services.

This Order amends the Covid-19 (Workplace Restrictions) (Jersey) Order 2020 (*Article 1*) mostly to relax some of the restrictions in respect of workplaces closed due to the prevalence of Covid-19 in Jersey, but in a few cases to impose further restrictions (*Articles 2 to 7*). It also amends the Covid-19 (Gathering Control) (Jersey) Order 2020 in a minor respect (*Article 8*).

Article 2 replaces the definition of “indoor recreation facility” so that the restrictions imposed apply only to sport, dance or exercise facilities.

Article 3 removes the restrictions on the opening of art galleries, auction houses, betting agencies and shops, and the restriction on the opening of entertainment facilities is now limited to the auditorium of those facilities. A restriction is imposed on the opening of changing and shower facilities used in connection with indoor physical activity facilities or outdoor sport or exercise. The restriction on closing of soft play areas is widened to include all indoor play areas.

Article 4 removes the partial restrictions on opening of shops markets and libraries, and visitor attractions, except to the extent closed by other provisions. The exceptions to the closure of what are now called indoor physical activity facilities are widened to allow certain gatherings of young people permitted by the Covid-19 (Gathering Control) (Jersey) Order 2020, the provision of certain therapeutic services or for horse riding or exercise in an indoor riding arena, one person at a time. The general exceptions to allow workplaces to be open to allow certain essential services to take place is extended to cover the administering of vaccines against any disease.

Article 5 alters the requirement for visitors to certain workplaces to wear masks. In the case of indoor physical activity facilities, it is limited to when access is needed in connection with activities in outdoor areas and where therapeutic services are provided. The requirement is also extended to auction houses and betting agencies.

Article 6 updates the requirement for workers to wear masks or visors to the new defined term of “indoor physical activity facilities”. It also requires people working at retail premises to wear masks in the presence of visitors and workers who are part of a different workforce as opposed to in all circumstances (as currently required).

Article 7 limits the requirement to maintain at least 2 metres distance from other persons in the case of indoor physical activity facilities to when access is needed in connection with activities in outdoor areas. The requirement is also extended to auction houses and betting agencies.

Article 8 amends the Covid-19 (Gathering Control) (Jersey) Order 2020 to include within the exception to allow gatherings of more than 10 in certain circumstances, before and after school activities.

Article 9 provides for how the Order may be cited and for it to come into force on 3rd February 2021.

The Order was made on 1st February 2021 and came into force on 3rd February 2021.

Note regarding the appointments processes

(See Item F)

Selection of the Minister for Education

The Presiding Officer will invite the Chief Minister to make his nomination for the position of Minister for Education. The Presiding Officer will then invite members to nominate alternative candidates. If there are no alternative nominations, the member nominated by the Chief Minister will speak for up to 10 minutes followed by a 20-minute question period; after which the member nominated by the Chief Minister will be selected for appointment.

If more than one member is nominated, the Presiding Officer will invite each candidate to speak for up to 10 minutes followed by a 20-minute question period. The candidates will speak in the order in which they are nominated, meaning that the Chief Minister's nomination will speak first. During the speeches and question period other candidates must withdraw from the Chamber to a place where they cannot hear the proceedings. After the candidates have spoken and been questioned, a recorded vote will be held. Once a candidate has obtained a majority of the votes cast in the recorded vote, he or she will be appointed to the position of Minister for Education. Abstentions do not count as 'votes cast'.
