

Scrutiny Panel,

Jersey Live should most definitely be supported as a Jersey event and as with the Battle of flowers and Battle of Britain should be supported by the local states and Policed using our tax money why should we be discriminated against. I pay 15% tax and feel some of it should be deployed for an event I actually wish attending. Rather than events which I personally don't attend. Jersey live was a really successful event and well attended by a wide age range.

What can I say without a doubt we islanders/ deserve something back!!!

No to user pays as user pay already 15% tax !!!
