Background

The PFV was established in the Government Plan 2020-2023 in recognition that projects may require access to funding to conduct initial exploratory work that will gather the necessary data and understanding to support the development of a robust and comprehensive business case. The PFV is a source of one-off funding intended to support pre-feasibility studies for capital projects which were identified as part of the Government Plan. This allocation will fund the reconfiguration of Aviemore.
