21/07/09, Item 1 513/21(8)	<p>1. Jersey Development Company</p> <p>The Panel noted the agreement of the Jersey Development Company Sub-Panel as part of its review of <i>Property and Infrastructure Regeneration: the States of Jersey Development Company Limited</i> (P.79/2009).</p> <p>The Sub-Panel was advised that the Scrutiny Office had contacted DTZ and had been advised that any work undertaken would cost £300 per hour, exclusive of out of pocket expenditure. It had been estimated that a total of four hours work might become necessary thereby entailing total expenditure of £1,300 (inclusive of a nominal sum for expenses). The Panel noted, however, that that this amount of time might not in fact be required.</p> <p>The Panel noted that the initial budget for the review had not allowed for expenditure on this matter and that the initial budget had been £24,740 (of which £22,000 had been set aside for the appointment of an Expert Advisor). Given that expenditure on the Advisor was not expected to reach that amount, it was not thought that use of DTZ (provided it remained at a low level) would push expenditure over budget for the review. The Panel therefore agreed that an approach would be made to DTZ on the above basis, noting that a letter of instruction would be drafted.</p>	WM
