**STATES GREFFE**

## **Report**

The States, in adopting a proposition of the Gambling Control Committee (P.11/2001) on 13th February 2001, agreed in principle that the Channel Islands Lottery should have a varied format including -

- (a) a combination of instant prizes and numbers draw;
- (b) instant prizes only;
- (c) a numbers draw only;

and charged the Committee to bring forward for approval by the States the necessary legislation to give effect to the proposals.

The draft Gambling (Channel Islands Lottery) (Amendment No. 4) (Jersey) Regulations 2000 enable the Gambling Control Committee (acting jointly with the States of Guernsey Gambling Control Committee) to issue separate instant lottery scratch cards from time to time, as the Committees think fit.

The States of Guernsey have already approved a similar amendment to their equivalent legislation.

These draft Regulations have no implications for the financial or manpower resources of the States.

### **Explanatory Note**

These Regulations would enable the Gambling Control Committee (acting jointly with the States of Guernsey Gambling Control Committee) to issue separate instant lottery scratch cards from time to time, as the Committees think fit.

At present, they may only conduct such lotteries in conjunction with public lottery draws.

The Regulations would come into force on the day after they are promulgated.
