**Presented to the States on 27th September 2005

STATES GREFFE

COMMENTS

The Finance and Economics Committee supports the aims of this proposition, but reminds States Members of the commitment to limit the total net growth in States expenditure to 2.5% as agreed in the approved Business Plan 2006 – 2010.

To achieve the funding necessary to undertake the proposals contained in the STTP without increasing overall expenditure, reductions are required in other areas. It will be a matter for the Council of Ministers to propose, and the States to determine, whether these proposals are of a sufficiently high priority for such funding to be included in next year's States Business Plan and the subsequent 2007 Budget.
