Note –

In accordance with the meeting dates fixed for 2015 by the Privileges and Procedures Committee, this meeting will continue, if necessary, on Wednesday 25th March and Thursday 26th March 2015.

Explanatory Note regarding subordinate legislation tabled at this meeting.

(See Item B)

R&O.32/2015.

This Order revokes an earlier Order but gives continued effect in Jersey to Council Regulation (EC) No 765/2006 of 18 May 2006 concerning restrictive measures in respect of Belarus (OJ L 134, 20.5.2006, p. 1).

Effect is given to the Regulation as amended up to the date of making this Order. Effect is now also given to any future changes to the list of persons, entities and bodies whose assets are frozen, the list of equipment and the list of competent authorities in the Annexes to the Regulation.

All the general provisions in the EU Legislation (Sanctions) (General Provisions) (Jersey) Order 2014 form part of this Order.

R&O.33/2015.

This Order amends the EU Legislation (Sanctions – Libya) (Jersey) Order 2014 to give effect, in Jersey, to Council Regulation (EU) No 2015/374 of 6th March 2015 (OJ L 64, 7.3.2015, p. 8) amending Regulation (EU) No 204/2011 concerning restrictive measures in view of the situation in Libya. The Regulation being given effect to modifies the description of the contents of Annex III to the 2011 Regulation.

The Order was made on 11th March 2015 and came into force on 12th March 2015.

R&O.34/2015.

This Order revokes an earlier Order but gives continued effect in Jersey to Council Regulation (EC) No 314/2004 of 19 February 2004 concerning certain restrictive measures in respect of Zimbabwe (OJ L 55, 24.2.2004, p. 1).

Effect is given to the Regulation as amended up to the date of making this Order. In particular, that gives effect to the amendments to the Regulation by Council Regulation (EU) No 153/2014 of 17 February 2014 (OJ L 50, 20.2.2014, p. 1), which continued the suspension of asset-freezing in respect of certain persons, and Commission Implementing Regulation (EU) 2015/275 of 19 February 2015 (OJ L 47, 20.2.2015, p. 15), which removed 5 deceased persons from the list of persons whose assets are frozen. Effect is now also given to any future changes to the list of equipment, the list of competent authorities, the list of persons whose assets are frozen, and the list of those persons in respect of whom the asset freeze is suspended.

All the general provisions in the EU Legislation (Sanctions) (General Provisions) (Jersey) Order 2014 form part of this Order.

The Order was made on 11th March 2015 and came into force on 12th March 2015.

R&O.35/2015.

This Order makes consequential amendments to various pieces of subordinate legislation, reflecting changes made to the Planning and Building (Jersey) Law 2002 (the “2002 Law”) by the Planning and Building (Amendment No. 6) (Jersey) Law 2014 (the “amending Law”). The amending Law introduces a new scheme of appeals in planning and building matters, and provides for the establishment and functions of a Planning Applications Committee to deal with certain of those matters at first instance under the 2002 Law. As a result of these changes, some functions formerly conferred on the Minister are now to be carried out either by the Chief Officer or by the new Committee.

Accordingly, *Article 1* amends the Planning and Building (Application Publication) (Jersey) Order 2006; *Article 2* amends the Planning and Building (Display of Advertisements) (Jersey) Order 2006; *Article 3*

amends the Planning and Building (Environmental Impact) (Jersey) Order 2006; *Article 4* amends the Planning and Building (Fees) (Jersey) Order 2008, and in particular prescribes fees payable to accompany appeals; *Article 5* amends the Planning and Building (Moveable Structures) (Jersey) Order 2006. *Article 6* provides for the citation of this Order, and for its commencement on the day after it is made.

The Order was made on 18th March 2015 and came into force on 19th March 2015.

R&O.36/2015.

These bye-laws make consequential amendments to the Building Bye-laws (Jersey) 2007, reflecting changes made to the Planning and Building (Jersey) Law 2002 (the “2002 Law”) by the Planning and Building (Amendment No. 6) (Jersey) Law 2014 (the “amending Law”), and Regulations made under it. The amending Law introduces a new scheme of appeals in planning and building matters, and requires the Minister to determine appeals based on the recommendations of an independent planning inspector. In order to preserve the Minister’s independence in that appeals process, the Minister is therefore replaced as first-instance decision maker under the Building Bye-laws (Jersey) 2007 by the Chief Officer, and the amendments made by these bye-laws give effect to that position.

The bye-laws were made on 18th March 2015 and came into force on 19th March 2015.

- (7) This process shall also apply, with the necessary modifications, whenever the chairman of the Planning Applications Committee wishes to appoint one or more members of the committee (provided that the membership does not exceed 9).

WRITTEN QUESTIONS

(See Item I(a))

1. The Chief Minister will table an answer to the following question asked by Deputy S.Y. Mézec of St. Helier –

“Further to the Minister’s answer tabled on 10th March 2015 to question 8666, could a breakdown of the £219,000 spent on the implementation phase of eGovernment be provided and could the Minister further explain what tangible benefit can be attributed to the cost of attempting to implement eGovernment so far?”

The Chief Minister has stated in the Assembly that he is aiming to produce a new timetable for the implementation of eGovernment, could he therefore indicate when that timetable will be completed?”

2. The Minister for Treasury and Resources will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Following the Minister’s response on 9th December 2014 to question 8570, which revealed that the proportion of taxpayers paying tax at the 20% rate has fallen from 32% to 14% over the period 2007 to 2013, will the Minister inform members what proportion of overall income tax revenues were paid over this period by those on the 20% and those on the marginal (27%) rate?”

Will the Minister further show how individual changes to allowances and the introduction of “20 means 20” measures has affected both numbers of taxpayers and revenues collected over this period?

Can he also state the extent to which the loss of 8,500 taxpayers at the standard (20%) rate is a reflection of increased numbers of low-skill, low-paid employment rather than high?

Can the Minister further account for the reduction in the overall number of taxpayers from over 47,000 to 44,700 in a period when population continued to grow, despite the recession?

Given the above changes in tax revenues can the Minister provide the full update of all States income forecasts following the provisional 2014 outturn figures, and if not, when will he be in a position to do so?”

3. The Chief Minister will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“Further to the answer to question 8674 of 10th March 2015 regarding the Independent Jersey Care Inquiry, can the Chief Minister detail:

1. In 3(b):

- the proportion spent on representing individuals (including their number) and the department;
- full details of expenditure under each heading;
- whether the States is funding legal advice/representation for former States employees/members, and, if so, how many, and why;

2. In 3(c):

- costs incurred by the bodies listed;

- whether additional staff have been employed by/seconded to the bodies listed, how many, in what areas, for what duration, and at what cost;
 - whether the original roles of secondees have been recruited to and at what cost;
3. In 4:
 - expenditure on lawyers, broken down by type of work undertaken;
 - the law firms involved and the number of lawyers and other staff employed to undertake Inquiry work; how much each firm is being paid; the charge-out rate for each member of staff and the average cost to date;
 - the number of ex-gratia payments made and the median compensation paid out to claimants;
 4. The nature and cost of professional, hired and sundry services provided;
 5. The accounting officer(s) for all States expenditure directly attributed to the Inquiry to date?"

4. The Chief Minister will table an answer to the following question asked by Deputy M. Tadier of St. Brelade –

“Will the Chief Minister, as Chairman of the States Employment Board, explain why States employees who were known to be under investigation for alleged child abuse were not suspended as a neutral act whilst investigations were taking place? Has the Chief Minister reviewed this policy, and is he satisfied that sufficient safeguarding measures are in place to stop alleged abusers working with vulnerable individuals whilst allegations are being investigated?”

Will the Chief Minister inform members how many current and past States employees were investigated in relation to child abuse and how many remained in active employment during that time?"

5. The Chief Minister will table an answer to the following question asked by Deputy S.Y. Mézec of St. Helier –

“Does the Chief Minister intend to lodge a proposition to end the dual role of the Bailiff and, if so, what does he intend to propose as an alternative for the role of Presiding Officer of the States Assembly? Given the Chief Minister’s stated support for an end to the dual role of the Bailiff, will this be a matter for which collective responsibility will apply?”

6. The Chief Minister will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“Will the Chief Minister advise Members whether a decision has been taken by the Corporate Management Board (CMB) to delete all emails that are more than 2 years old from States computers and servers and, if so, will he advise whether:

- (a) he, or the Council of Ministers as a collective body, or any individual Minister, gave their consent to the CMB prior to its decision;
- (b) the CMB, the Chief Minister, Council of Ministers, collectively or as individual Ministers, received legal advice from the Law Officers’ Department before the CMB made its decision to delete the emails;
- (c) there were any exceptions to the deletion policy and, if so, in what circumstances;

(d) is aware that emails have been instrumental in proving guilt or innocence in criminal trials, proving miscarriages of justice or helping the States defend itself in civil actions for damages brought against it;

(e) he will seek to reverse the policy of the CMB relating to email deletion?"

7. The Minister for Education, Sport and Culture will table an answer to the following question asked by Deputy M. Tadier of St. Brelade –

“Will the Minister provide a list of the names of all the governors and members of the Board of Governors (or equivalent) of Haut de la Garenne from 1945 until its closure? In particular, will the Minister highlight which politicians, past or present, if any, held such positions?”

8. The Minister for Housing will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Will the Minister inform members what proportion of social housing units, whether properties of Andium Homes or of other trust providers, are categorised as under-occupied?”

Of this number, what proportion are:

- (a) pensioner households where the adult children have left;
- (b) non-pensioner households where the family has left home;
- (c) households where there are adult children still resident;
- (d) households where there are health, disability or other needs which require an extra room?

Is it still the case, as previously with the Housing Department, that in (a) and (b) above, the under occupation is disregarded if the tenant has applied to downsize? In this context, how many of the 154 Andium one-bedroom properties which become available are used for downsizing annually?”

9. H.M. Attorney General will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“Will H.M. Attorney General advise members whether any Enforcement Officers employed by States Departments or Andium Homes have any legal powers similar to the Police under the Police Procedures and Criminal Evidence (Jersey) Law 2003, and if not, whether, as head of the prosecution service, he would recommend they should be given such powers or be issued with specific guidance as to how they should conduct their investigations?”

10. The Minister for Education, Sport and Culture will table an answer to the following question asked by Deputy S.Y. Mézec of St. Helier –

“Does the Minister have any plans to review the provision for political education in secondary schools? What support, if any, has the Department offered the students who are attempting to set up a Jersey ‘Youth Parliament’?”

11. The Chairman of the Privileges and Procedures Committee will table an answer to the following question asked by Deputy M. Tadier of St. Brelade –

“Will the Chairman inform members whether, whilst parliamentary privilege means that a member may not be pursued legally for any words (or actions) said during and at States sittings, the member is still subject to the Code of Conduct for Members of the States and, as such, were an allegation of

lying to the Assembly to be made, or evidence of lying to emerge, this would be able to be considered as a possible breach under the Code of Conduct?"

12. The Chief Minister will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Will the Minister, in seeking to create an ethical basis for government policies, support Oxfam’s call for European institutions, especially the European Commission in its two tax-related proposals for 2015, to:

- “1. Support the creation of a U.N. inter-governmental body on tax cooperation, by calling for a Ministerial roundtable on tax during the Financing for Development Conference in Addis Ababa in July 2015.
2. Increase corporate tax transparency by adopting public country by country reporting rules for large companies in all sectors, to build on what has been decided for the European banking sector.
3. Increase corporate tax harmonisation in Europe by ensuring a compulsory common consolidated corporate tax base in all 28 countries, which makes certain that taxes are paid where profits and real economic value is created.
4. Analyse the negative impacts one member state’s tax system can have on other European and developing countries, and provide public recommendations for change.”

and, if not, why not?"

13. The Minister for Treasury and Resources will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“What measures, if any, has the Minister, as shareholder representative, taken to facilitate a resolution to the problems between CH2M, GFF, JT and the Gigabit workforce, and if none, can he inform members what he will propose to bring about resolution?”

Will the Minister further inform members what rates of connection are currently being achieved and what measures, if any, are in place to ensure the delivery of the scheme within the original timescale and budget?"

14. The Minister for Treasury and Resources will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“Will the Minister advise members how much tax revenue, broken down into Income Tax, Goods and Services Tax, and other tax receipts, was raised in 2013 from:

- (a) Jersey based companies;
- (b) foreign owned companies;
- (c) financial service firms;
- (d) utilities;
- (e) firms brought into the Island by Locate Jersey;
- (f) the general public;
- (g) others;

and provide a breakdown of the sources of those taxes?"

15. The Minister for Health and Social Services will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“Will the Minister update members on the current situation in the Child and Adolescent Mental Health Services (CAMHS) using the key findings and recommendations of the Health and Social Security Scrutiny Panel Report of 16th June 2014 as his guide, illustrating what has and not changed in the service?”

16. The Minister for Health and Social Services will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“(a) Will the Minister advise members how many social workers were employed by the Department during the period 1st January 2014 to 31st January 2015?”

(b) Using a diagram or diagrams, will the Minister set out an organisation chart of these social workers indicating whether they are managers, case workers or other specialists and the numbers in each category together with their grades, titles and duties?

(c) What was the total cost of employing these social workers?

(d) For each social worker engaged in case work (anonymised A, B, C etc.) would the Minister provide the following information in a tabular form -

(i) the case load of each social worker indicating separately the number of people they had sole responsibility for and those they had a shared responsibility for;
