

**WRITTEN QUESTION TO THE
MINISTER FOR ECONOMIC DEVELOPMENT, TOURISM, SPORT AND CULTURE
BY DEPUTY M. TADIER OF ST. BRELADE
ANSWER TO BE TABLED ON TUESDAY 17th JANUARY 2017**

Question

Will the Minister clarify whether the play park at Les Quennevais playing fields is now under his Department's administration; and, if so, will he agree to make good on the undertakings of the former Minister for Education, Sport and Culture to consult users of the facility and to consider potential improvements for the park?

Answer

I confirm that my Department has taken on the responsibility for the play park at Les Quennevais as part of the wider Sport portfolio.

I understand that officers did historically consult with parents and users, where some ideas about improvements were discussed at a very general level. At the time no budget was available to make improvements, however I am pleased to report that some additional equipment has now been sourced and this will be put into the park when weather conditions allow, sometime in Spring 2017.

Once this addition has been made, a further consultation exercise is proposed with users to identify any further improvements in future.
