La Rue du Galet.

- (b) Would the Minister indicate the total number of accidents (pedestrian and vehicle), in the Island, by year, to date since 2000 setting out, if available, details of the level of severity of the accident, including any fatalities?

Answer

- (a) Resource constraints have precluded the provision of an answer to the Deputy's question which breaks down the data by year, by road, as well as class. However, the total number of accidents (pedestrian and vehicle), for the requested roads for the years 2000 to 2005 are given in the tables below. The numbers have been further broken down by level of severity of the worst injury resulting from the accident, and have been broken down by class of road user to which the injuries apply.

Beaumont Hill (Le Beau Mont)

Total number of accidents 2000 to 2005.	Class of Accident by Severity	Class of Accident by Vehicle Occupant
29	27 Slight Injury 2 Serious Injury	22 Vehicle occupant 5 two wheel motorised 2 two wheel pedal

La Route de Beaumont

Total number of accidents 2000 to 2005.	Class of Accident by Severity	Class of Accident by Vehicle Occupant
