Report

Jersey Airport administers, maintains and generally services all aspects concerning parking at the Airport. Since the withdrawal of Port Control Officers employed by the then Defence Committee, the policing of parking and the issuing of parking fines has been carried out by Traffic Control Officers employed directly by Jersey Airport. However, the proceeds from fines are currently shared between the Parish of St. Peter and the general revenues of the States on a 50:50 basis. It is felt that as the Parish enforces these fines, that this portion should be kept, but that Jersey Airport should keep the other portion within its own budget.

Explanatory Note

This draft Law -

- (a) makes express provision for Regulations to require the payment of fees or charges, to impose penalties and to make transitional, consequential, incidental and supplementary provisions (*Article 2*);
- (b) provides for a fine not exceeding the amount of level 1 on the standard scale of fines applicable at the time of the offence, for an offence under the Regulations, to be inflicted and levied summarily by a Connétable or Centenier. (The previous wording tied the provision to a fixed sum of £50) (*Article 3*); and
- (c) provides for fines for offences under the Regulations to be awarded for the benefit of the annual income of the States, except in the case of fines inflicted and levied summarily, which are to be divided equally for the benefit of the parish in which the offence was committed and the annual income of the States to be applied towards the cost of regulating the parking and circulation of vehicles at the Airport. (Previously fines of £50 or less were divided equally between the General Revenues of the States and the parish concerned to be applied towards the cost of maintaining its by-roads) (*Article 4*).

Under the Criminal Justice (Standard Scale of Fines) (Jersey) Law 1993, the standard scale of fines is -

Level 1	£50
Level 2	£500
Level 3	£2,000
Level 4	£5,000.
