“Can the Minister inform members when People’s Park was put forward for consideration for the location of the new hospital and by whom?”
3. Deputy J.A. Martin of St. Helier will ask the following question of the Minister for Social Security –  
  
“Given that the Child Personal Care benefit is now determined by the child’s disability rather than the parents’ household income, can the Minister provide the number of children who, since 1st January 2015, have received the Child Personal Care benefit level 2 and level 3 and state whether this is an increase on previous years?”

4. Deputy S.Y. Mézec of St. Helier will ask the following question of the Chief Minister –

“Following the publication of the latest ‘Measuring Jersey’s Economy’ report which shows that the economic standard of living in Jersey has fallen by almost a fifth since 2007, what measures, if any, will the government be introducing to ensure that the proceeds of economic growth are fairly distributed?”
5. The Deputy of Grouville will ask the following question of the Minister for Transport and Technical Services –

“How much do Jersey taxpayers pay towards the provision of the public service delivered by the taxi-cab industry and how much has the recent review of the taxi-cab service cost the taxpayer in U.K. consultancy fees, officer time and any other fees and expenses?”
6. Deputy R. Labey of St. Helier will ask the following question of the Minister for Treasury and Resources –

“What explanation does the Chief Minister have for the results given in Table 8 of the Statistics Unit’s publication ‘Measuring Jersey’s Economy: G.V.A. and G.D.P. 2014’ which shows that the standard of living in Jersey has fallen by 19% since 2007, and why Guernsey in particular has done so much better over the same period?”
8. Deputy M.R. Higgins of St. Helier will ask the following question of the Minister for Treasury and Resources –

“Will the Minister advise members how much tax revenue has been lost to the Treasury overall, and on an annual basis, since Zero-ten was introduced, breaking it down into its component parts, and, in particular, how much was lost from the finance sector by reducing the tax from 20% to 10%, and how much from reducing other company taxes to zero?”
9. Deputy M. Tadier of St. Brelade will ask the following question of the Chief Minister –

“Further to the decision of the States on 19th November 2012 that 28th September should be recognised annually by the States of Jersey as ‘Reform Day’ to mark the anniversary of the events in Jersey of 28th September 1769, can the Chief Minister explain whether the day was marked by the States this year and what plans there are in the future to mark this anniversary?”
10. The Deputy of Grouville will ask the following question of the Minister for Planning and Environment –

“Following my email exchange with the Minister at the beginning of August when the U.K. suspended their Fisheries Management Agreement (F.M.A.) with Guernsey, could the Minister inform the Assembly what action was taken at that time to negotiate a joint Channel Islands F.M.A. with the U.K. and, more importantly, what progress has been made to restore our historical fishing rights in Island waters?”

15. Senator Z.A. Cameron will ask the following question of the Minister for Treasury and Resources –

“Can the Chief Minister inform Members whether she is intending to review the legislation relating to the remand of children/young persons without charge for an unlimited time and if not, why not?”

13. The Minister for Treasury and Resources will table an answer to the following question asked by Deputy J.A. Hilton of St. Helier –

“Further to his response on 22nd September 2015 that he had written to the States of Jersey Development Company (SOJDC) after his meeting with them on the 3rd September 2015, specifically addressing the effects the contamination issue might have on the financial viability of

the scheme, would the Minister advise whether he has received a reply, and if so, would he inform the Assembly?

Given that the cost of dealing with contamination is excluded from the fixed price construction contract sum, would the Minister advise whether, in the three months SOJDC have been on site, they have been able to give him any information on the first 90 days costs with regard to contamination issues?

Does the Minister believe that financial viability as distinct from financial profitability is an issue?"

14. The Minister for Health and Social Services will table an answer to the following question asked by the Deputy of St. Ouen –

“What arrangements, if any, are made by the Department of Health and Social Services to provide professional indemnity insurance cover for doctors working within the hospital service at levels of consultant, middle grade and junior?”

If there are doctors who work within the public hospital service but individually arrange their own insurance cover, what are the reasons for this?

In such cases, does the Department make any contribution to insurance premiums and how are such contributions calculated?

Also in such cases, how does the Department monitor the adequacy of insurance cover, whether cover is withdrawn or restricted during the term of insurance and whether cover is renewed on a timely basis?

Would the Minister provide figures for the years 2010 - 2014 showing the amount of insurance premiums or contributions paid by the Department to provide professional indemnity insurance cover for doctors working within the hospital service at levels of consultant, middle grade and junior and, in each case, state the number of doctors covered within each grade?"
