Explanatory Note

These Regulations, which would amend the Public Employees (Contributory Retirement Scheme) (Existing Members) (Jersey) Regulations 1989, have the following effect:

- (a) Under the principal Regulations, part-time employees who work 18 or more hours each week may join the scheme, and must do so once they reach the age of thirty.

The amending Regulations will also enable part-time employees who work each week, but for fewer than 18 hours, to opt to do so. (An option, once made, will however be irrevocable.)

These provisions, which are contained in Regulations 1(2) and 2 of the amending Regulations, will be effective from 1st January, 1996.

- (b) New provisions are introduced to enable routine payments (other than basic salary and wages, overtime and other payments of a temporary nature and payments in respect of untaken leave) to be declared to be pensionable allowances for the purpose of calculating pensions. In declaring such an allowance to be pensionable, an employer may also declare that it will entitle the employee to be credited with added years of pensionable service.

These provisions, which are contained in Regulations 1(1), 3, 4, 5, 6, 7, 8, 9 and 10 of the amending Regulations, will have effect from 1st January 1996.

- (c) Under the principal Regulations, a pension may be paid in respect of a child who is over 16 but under 23 if he is receiving full time education.

The amendments enable the pension to be paid between those ages even though he is not for the time being receiving full time education, if the Committee of Management is satisfied

that it is still appropriate to treat him as a child (for example, if in the course of his studies he takes a “gap” year.)

They also enable the Committee to temporarily suspend payment of his pension benefit (again, for example, during a “gap” year).

These provisions are contained in Regulations 1(2) and 5 of the amending Regulations, and will come into force on 1st July 1998.

- (b) specify the date from which it is to be effective;
- (c) specify whether or not the payment or allowance gives rise to added years of pensionable service under Regulation 16B;

- (e) subject to paragraph (5), specify whether or not by virtue of the declaration a former member shall be entitled to additional payments in respect of benefits paid before the effective date of the declaration.

(4) If in accordance with paragraph (3)(d) the employer's declaration specifies that the pensionable allowance received by a member or former member before the effective date of the declaration shall count towards the computation of benefits payable under these Regulations -

- (a) the Actuary shall determine and advise the Committee and the Establishment Committee of the sum total for all members and former members of the value of the additional benefits arising from the pensionable allowance paid before the effective date of the declaration, including the value of any additional payments under paragraph (3)(e) in respect of benefits;
- (b) additional employers' contributions shall be payable, and additional contributions shall also be payable by those members or former members who receive improved benefits as a result of the declaration, in such proportions as the Establishment Committee,

- (a) any proposals which the Establishment Committee submits to the States for disposing of the surplus, or as the case may be, for making good the deficiency, shall take into account the adjustment to the employers' contribution rate; and

(10) Where the Committee receives notice of the intention to revoke a pensionable allowance under paragraph (9) it shall determine, in consultation with the employer and the Establishment Committee, and having regard also to the advice of the Actuary, a method of dealing equitably with members' past service entitlements in respect of such pensionable allowance received before the proposed date of revocation.

(11) If the pensionable allowance gives rise to added years of pensionable service under Regulation 16B, the method to which paragraph (10) of this Regulation refers may involve *inter alia* the cancellation of part or all of the added years of pensionable service credited under Regulation 16B.

(12) If the pensionable allowance does not give rise to added years of pensionable service under Regulation 16B, the method to which paragraph (10) of this Regulation refers may involve *inter alia* the provision of an appropriate number of

added years of pensionable service, which shall be deemed to be added years credited under Regulation 16B for the purposes of these Regulations.

(13) The effective date of revocation of a declaration of a pensionable allowance shall be nine months after the employer gives notice, or three months after the Committee has determined the method of dealing with members' past service entitlements (whichever is later).

ADDED YEARS IN RESPECT OF A PENSIONABLE ALLOWANCE

16B.-(1) In the case of a member or former member who has received a pensionable allowance giving rise to added years of pensionable service under this Regulation, the number of the added years to be credited to him shall be determined as follows -

- (a) if the employer has declared that the pensionable allowance received by the individual concerned before the effective date of the declaration shall count towards the computation of benefits, the number of added years of pensionable service in respect of the period before the effective date shall be determined by the employer, with the consent of the Establishment Committee after that Committee has consulted the Committee and the Actuary;
- (b) in respect of each calendar year during which the individual concerned is a member (excluding the calendar years before the effective date of the declaration, and, if it has been revoked, excluding the calendar years after the effective date of revocation of the declaration), the number of added years of pensionable service shall be determined in accordance with the formula $\frac{A \times B}{C}$, where -

- (i) 'A' is the number of days during the year when the individual was a member (excluding any days before the effective date of the declaration and, if it has been revoked, after the effective date of its revocation);
 - (ii) 'B' is the total pensionable allowance giving rise to added years which was received by the member during the year (excluding the pensionable allowance received before the effective date of the declaration and, if it has been revoked, after the effective date of its revocation); and
 - (iii) 'C' is the total salary received by the member during the year (excluding B and excluding any salary received before the effective date of the declaration and, if it has been revoked, after the effective date of its revocation); and
- (c) at the time he ceases to be a member of the scheme, the total number of added years of pensionable service to be credited to the individual shall be the sum of the added years determined under subparagraph (a) and the added years determined in respect of each calendar year under subparagraph (b),

but in the case of a member who was a part-time employee at any time during the year, C shall be subject to an adjustment, determined by the Actuary after consulting the employer, having regard *inter alia* to the proportion of full-time hours worked by the member.

(2) Where -

- (a) pensionable service is to be enhanced under subparagraph (a) of the proviso to Regulation 7(2); and

- (b) the individual received, in the year immediately preceding the date on which he ceased to be a member of the scheme, a pensionable allowance giving rise to added years of pensionable service under this Regulation,

a further period of added years shall be calculated in accordance with the formula $A \times B$, where -

- (i) 'A' is the number of added years of pensionable service credited under this Regulation in respect of the year immediately preceding the date the individual ceased to be a member of the scheme; and
- (ii) 'B' is the relevant additional period in the Table in sub-paragraph (a) of the proviso to Regulation 7(2),

and, for the individual concerned, the period so calculated shall be added to the relevant additional period in that Table for the purpose of determining the enhancement of pensionable service.

(3) Where -

- (a) there is to be calculated under sub-paragraph (b) of the proviso to Regulation 7(2), Regulation 9(3) or Regulation 11(2) a pension or period of pensionable service which would have applied to an individual if he had continued in service until normal retiring age; and
- (b) the individual had received, in the year immediately preceding the date he ceased to be a member of the scheme, a pensionable allowance giving rise to added years of pensionable service under this Regulation,

it shall be assumed, for the purpose of the calculation, that the number of added years of pensionable service credited under this Regulation in respect of the year immediately preceding

the date on which the individual ceased to be a member of the scheme would also have been credited in respect of each year after he ceased to be a member, up to and including the date of his normal retiring age, with the credit in respect of a part year counting proportionately.

(4) A member whose pensionable allowance or salary has, to the satisfaction of the Committee, been reduced or discontinued because of ill-health or injury shall be deemed for the purpose of calculating added years under this Regulation to have received the allowance or salary which he would otherwise have received (but for the reduction or discontinuance) as certified by the employer.”.

10. After the words “has at any time been a part-time employee.” in Regulation 18 of the principal Regulations there shall be inserted the words “final pensionable salary,”.

11.(1) These Regulations may be cited as the Public Employees (Contributory Retirement Scheme) (Existing Members) (Amendment No. 4) (Jersey) Regulations 1998.

(2) Paragraph (1) of Regulation 1, Regulations 3 and 4, paragraphs (1), (4) and (5) of Regulation 5, and Regulations 6, 7, 8, 9 and 10 shall be deemed to have come into force on the first day of January 1996.

(3) Except as provided in paragraph (2), these Regulations shall come into force on the first day of July 1998.
