COMMENTS

If Deputy De Sousa's amendment to P.72/2011 is successful, this would add a further £3.3 million to the shortfall on the CSR savings target as there are 4 proposals in 2013 which relate directly to non-fee-paying schools. These are –

	£'000
Deliver a more efficient model of Secondary Education	1,625
Increase collaboration in non-fee-paying post-16 education	1,125
Efficiency savings in the primary sector	300
Introduce a new model of vocational education for Key Stage 4 students requiring an out of school placement	250
TOTAL	3,300

The total impact on the CSR savings target of P.72/2011 and the amendment is £7.9 million as shown in the comments of the Council of Ministers on the original Proposition.
