

**WRITTEN QUESTION TO THE MINISTER FOR TRANSPORT AND TECHNICAL  
SERVICES BY DEPUTY R.G. LE HÉRISSEUR OF ST. SAVIOUR  
ANSWER TO BE TABLED ON TUESDAY 30th NOVEMBER 2010**

**Question**

Will the Minister be proposing that the school bus service be more fully integrated with the scheduled service given the call for more public transport at peak times?

**Answer**

While some limited integration of services has already taken place, the review of bus networks I have instigated is expected to identify a number of areas in the island that will be better served by redeploying buses that currently operate school journeys only onto revised routes which cater for both pupils and commuters during the morning peak period. This will allow for the bus service to be better integrated with the scheduled service at peak times.
