DRAFT EMPLOYMENT OF STATES OF JERSEY EMPLOYEES (AMENDMENT No. 9) (JERSEY) REGULATIONS 201-

REPORT

The States Employment Board, at the request of the Chair of the Jersey Appointments Commission, recommends to the Assembly a change to the Article 17 of the Employment of States of Jersey Employees (Jersey) Law 2005.

The purpose of this change is to support a balanced workload across the Commissioner population given the increase in workload as the Commission has extended its range of States and Arm's Length body appointments in order to support good governance of the recruitment process in public funded bodies/organisations.

Without this amendment, the existing Commissioners will need to undertake commitments in excess of the original expectation understood on their appointment to the role. It will also provide for speedy turnaround of appointments to the benefit of both the organisations concerned and the Island as a whole.

Financial and manpower implications

The costs of this amendment will be met from existing budgets.

Explanatory Note

These Regulations amend the Employment of States of Jersey Employees (Jersey) Law 2005 in relation to the Jersey Appointments Commission so that the number of Commissioners who may be appointed, in addition to the Chairman, is increased from a maximum number of 4 Commissioners to a maximum number of 5 Commissioners.

These Regulations come into force on the day after they are made.
