**Presented to the States on 8th December 2022
by the Council of Ministers**

STATES GREFFE

COMMENTS

The Council maintains its position, as set out in the Government Plan, that the commitment made in P.66/2022 has been improved by the Government's provision of free sanitary products to anyone who needs them.

Ministers are grateful for the ruling issued by the Bailiff in respect of this matter.

Accordingly, the Council requests that States Members support this position through the adoption of part (i) of P.97/2022 which will then replace P.66/2022. Should the Assembly support Deputy Feltham's amendment, Ministers will bring a separate proposition as requested.
