ISLAND PLAN 2011: APPROVAL (P.48/2011): THIRTY-SECOND
AMENDMENT

PAGE 2 –

After the words “the revised draft Island Plan 2011” insert the words “except that in the Island Plan Strategic Policy Framework (page 33) relating to the Town of St. Helier, at the end of paragraph 2.22, after the words ‘its public realm and infrastructure.’ insert the words ‘In particular, it is imperative that to create an acceptable urban living environment in the Town, adequate provision of good quality and accessible public open space must be planned for and made.’ ”

DEPUTY D.J. DE SOUSA OF ST. HELIER

REPORT

This is straightforward and fundamental to the quality of life for Town residents. There is a constant increase in development in St. Helier, with a higher density being adopted. Therefore, if Town residents are to put up with this, surely they should have relevant outside space to enjoy.

Financial and manpower implications

There are no financial or manpower implications for the States arising from this amendment.
