30/09/09, Item 6 513/23(8)	<p>1. Economic Stimulus Plan 2 Review (ESP2)</p> <p>The Panel attended a briefing given by the members of the Economic Stimulus Steering Group, being Mr I Black, Treasurer of the States, Mrs A. Homer Project manager and Mr D. Peadle, Economic Advisor.</p> <p>The Panel heard how the Steering Group operated, how it examined the various bids and the aims of the group. It was noted that the timing of many of the projects had been considered carefully. There had been a balance between the urgency to bring the projects to the point of being 'shovel ready' and the need to negate the risks involved with each project. The recession seems to have been less severe than had been initially expected, which has allowed due diligence to be undertaken in the preparation of the projects.</p>
