Dear Deputy Renouf,

**New Healthcare Facilities Programme**

As you will be aware the Future Hospital Review Panel is undertaking a [review of the New Healthcare Facilities Programme](#).

As part of this review, the Panel is keen to ensure that it has clarity on a number of issues and would request information on:

- the Planning Department's expectations in relation to the programme and each of the sites which falls within the scope of the programme
- what interaction the Planning Department would expect to have with the project team ahead of the presentation of applications
- whether the Planning Department have any role in the oversight of the programme as a whole piece of work or solely in relation to the planning applications for the individual projects
- what capacity the department has to deal with the applications in a timely manner
- the Department's view on the status of [Policy C12 in the Bridging Island Plan](#) and whether the principles of the policy could be used in relation to the New Healthcare Facilities Programme.
- the process that would need to be followed in order to explore the rezoning of the green field site in St Saviour which has been indicated as a part of the site for a 'health village' by the Minister for Infrastructure.

Please could you provide your response within five working days of receipt of this letter.

Yours sincerely

Deputy Sam Mézec  
**Chair**  
**Future Hospital Review Panel**
