

**THE STATES assembled on Wednesday,
13th July 2005, at 9.30 a.m. under the
Presidency of Mr. Michael Nelson de la Haye,
Greffier of the States.**

All members were present with the exception of –

Senator Michael Edward Vibert– out of the Island
Senator Edward Philip Vibert– ill
Senator Richard Joseph Shenton – ill
Alan Breckon, Deputy of St. Saviour– ill
Maurice François Dubras, Deputy of St. Lawrence– out of the Island.

Prayers read by the Deputy Greffier of the States.

Deputy John Gollop, States of Guernsey – welcome

THE STATES welcomed Deputy John Gollop, States of Guernsey, to the Chamber, who was visiting the Island.

Arrangement of public business for the next meeting on 19th July 2005

THE STATES confirmed that the following matter lodged “au Greffe” would be considered at the next meeting on 19th July 2005 –

Field 571, La Rue du Puits Mahaut, Grouville: petition.
Lodged : 12th July 2005.
Deputy of Grouville.

P.147/2005

**Solid Waste Strategy – P.95/2005
Amendments and comments**

THE STATES resumed consideration of the amendments of Deputy Robert Charles Duhamel of St. Saviour to a proposition of the Environment and Public Services Committee concerning a Solid Waste Strategy, and, following consideration, adopted, in paragraph (1) of the amendments, that in paragraph (a)(i), after the word: “*be charged*”, the subsequent words be renumbered as new sub-paragraph (A) and in that new sub-paragraph there be deleted the words “*PET*” and “*and to achieve the recycling aims stated in the report*”.

THE STATES commenced consideration of an amendment of the Connétable of St. Ouen that at the end of paragraph (a)(iii), there be added the words “*but that kerbside collections should only be introduced if the ‘bring bank’ system is not successful in increasing recycling*”. After discussion, the amendment was lodged “au Greffe” by the Deputy of St. John.

THE STATES commenced consideration of an amendment, as amended, of Deputy Robert Charles Duhamel of St. Saviour, that in paragraph (a)(v), for the words “*to implement the replacement of the Bellozanne incinerator with a modern Energy from Waste facility, subject to an environmental and health impact assessment and planning approval, to enable it to be commissioned in 2009, and procured according to*

section 5.4 of the attached report”, there be substituted the words, “to investigate fully alternative and conventional technologies to provide the final disposal route for the residual waste remaining following the implementation of the systems and facilities as set out in paragraphs (a)(i)(A), (a)(ii) and (a)(iii) above, and to recommend a preferred solution for a replacement of the Bellozanne incinerator to the States with an accompanying cost/benefit analysis, environmental and health impact assessment no later than December 2008”, and the President of the Environment and Public Services Committee made a statement concerning the amendment in the following terms –

“This debate has shown that Members are rightly concerned to fully understand the details and to ensure that it is the States who take the final decision. I agree wholeheartedly with that and that was always the intention.

Because of that the amendment and our original proposition both mean the same and achieve what the States want.

Deputy Duhamel’s report makes a correct and also incorrect statement:

The incorrect statement is to suggest that our proposition would result in a decision without further reference to the States. Not true; we would always have taken the final tendered proposal to the States and we would have done so with a full analysis of the 50 alternative solutions that we have already evaluated.

The correct statement is that the amendment seeks not to delay a decision. The Island cannot suffer any delay with the possibility of having no waste disposal facility.

Therefore, given these comments it is clear to me that our position and the amendment have exactly the same result. The Committee therefore intends to proceed on the following basis –

- (a) it will undertake a full and open tender process in line with the OJEC requirements. Let me be clear that a tender process does not commit the States to accepting the final tender, that will be a States decision;
- (b) alongside the tender process it will prepare a full detailed report of the 50 alternatives that we have already evaluated plus any other technologies which arise during the period;
- (c) it will bring an analysis of the preferred supplier from the tender process, together with the full evaluation of the alternatives to the States;
- (d) the States will make the final decision on how to proceed in the light of all the information required in the amendment.

On the basis that the States fully accept the way that the Committee intends to proceed, the Committee is happy to accept the amendment.”

THE STATES, following consideration, adopted the amendment of Deputy Robert Charles Duhamel of St. Saviour.

THE STATES commenced consideration of amendments, as amended, of Deputy John Benjamin Fox of St. Helier that—

- (1) in paragraph (a)(v), after the words “*replacement of the Bellozanne incinerator to the States*”, there be inserted the words “*to be located at La Collette, St. Helier*”; and,
- (2) at the end of paragraph (a)(v), after the words “December 2008” there be inserted the words “and to agree that until the commissioning of the new Plant, the Committee should, through the Health Protection Unit of the Health and Social Services Committee, introduce with immediate effect a screen testing programme on volunteer residents within the emissions zone of the current Plant, similar to the screen testing that is currently carried out on staff at the Plant”.

THE STATES, after consideration, granted leave to Deputy John Benjamin Fox of St. Helier to withdraw the amendments, as amended.

THE STATES, adopting a proposition, as amended, of the Environment and Public Services Committee, referred to their Act dated 29th June 2004, in which they approved the States Strategic Plan 2005 to 2010 and agreed, *inter alia*, that the States would introduce a comprehensive liquid and solid waste policy, and,

- (a) approved a new strategy for the prevention, minimisation, recycling/composting and disposal of, and energy recovery from, the Island’s solid waste, as laid out in the report of the Environment and Public Services Committee dated 10th May 2005, and to agree –
 - (i) that the Environment and Public Services Committee be charged –
 - (A) to provide a recycling centre for the reception and recycling of paper, aluminium, glass and plastic and other materials, before the end of 2006; and,

- (B) to investigate the commercial opportunities afforded by European and international recycling companies in tendering for the construction and/or operation of the recycling centre as set out in sub-paragraph (A) above; and,
- (C) to take active steps to promote waste minimisation and recycling throughout the community and to encourage all States Departments to lead by example.
- (ii) that the Committee be charged to provide a modern composting facility for recycling of garden and green waste, by 2007;
- (iii) that the Connétables be charged to work with the Committee to introduce a pilot scheme for a coordinated collection system for recyclables (including paper, aluminium, glass and PET plastics);
- (iv) that the Committee be charged to work with the Parish of St. Helier to undertake further research and bring forward for consideration proposals for the resolution of the present covenant on the Bellozanne site;
- (v) that the Committee be charged to investigate fully alternative and conventional technologies to provide the final disposal route for the residual waste remaining following the implementation of the systems and facilities as set out in paragraphs (a)(i)(A), (a)(ii) and (a)(iii) above, and to recommend a preferred solution for a replacement of the Bellozanne incinerator to the States with an accompanying cost/benefit analysis, environmental and health impact assessment no later than December 2008;
- (vi) that the Committee be charged to take active steps to seek co-operation from the States of Guernsey on any measures from which joint benefit, financial or otherwise, could be derived in any area of waste management, and to report to the States thereon at regular intervals;
- (vii) that the Committee be charged, working with the Finance and Economics Committee, to undertake further research and bring forward for consideration proposals for financial mechanisms for the purpose of meeting future environmental objectives, with detailed arrangements for the introduction of any associated charges;
- (viii) that the Committee be charged to develop improved aggregate recycling facilities and bring forward for the approval of the States proposals for a future inert waste disposal site;
- (b) to agree that the Policy and Resources Committee be charged to propose the inclusion of a funding strategy for the capital projects identified in (a) (i), (ii) and (v) within the States Business Plan 2006-2010 by, if necessary, re-prioritising or deleting existing projects, or identifying additional sources of funds;
- (c) agreed that the Finance and Economics Committee be charged to take States decisions under (a) above into consideration when proposing the allocation of revenue funds in the resource allocation and budget processes 2006-2010.

Changes in Presidency

The Deputy Bailiff assumed the Presidency during consideration of the amendment of the Connétable of St. Ouen concerning a Solid Waste Strategy, (P.95/2005 Amd.(4) lodged “au Greffe” by the Deputy of St. John at the present meeting), and retired from the Chair prior to members voting on the proposition, as amended, of the Environment and Public Services Committee concerning a Solid Waste Strategy, (P.95/2005 lodged “au Greffe” on 10th May 2005), and the meeting continued, thereafter, under the Presidency of Mr. Michael Nelson de la Haye, Greffier of the States.

THE STATES rose at 6.05 p.m.

A.H. HARRIS

Deputy Greffier of the States.
