04/12/12 Item 2 517/30	2. Respite Care for Adults The Panel agreed that its review of respite care for adults in Jersey would focus on respite users between the ages of 18-65. The Panel further agreed that its review would follow up on those recommendations within the previous Panels S.R.2/2012 Report which related to the transition period between child and adult respite care services. It was also agreed that the recommendations made in S.R.2/2012 that related to child respite care services would be followed up in a separate piece of work outside of this review.	
517/18	3. Respite Care for Children and Young Adults The Panel considered the recommendations made by the previous Panel in its review of respite care for children and young adults. The Officer was asked to draft a letter to the Minister for Health and Social Services to request an update in respect of the accepted recommendations.	KB
