Dear Geoff

Scrutiny Review of the Waiting Lists for Social Housing.

Thank you for your letter of 2nd June inviting submissions for your review.

To answer your questions in turn.

1. The Parish doesn't own or provide any social housing at present.
2. The Parish has no dealings with the Department of Housing regarding allocations.
3. The Parish has had no involvement in the development of the affordable Housing Gateway. We do not hold a waiting list.
4. None

In the event that the Parish was able to obtain funding for Social Housing purposes, it would be happy to work with Housing and administer waiting lists to whatever criteria was considered appropriate.

The Parish are considering the provision of retirement homes as an adjunct to its residential home when funding permits.

I hope this is of assistance.

Yours sincerely

M. K. Jackson
