

## Re Income Support

The whole system needs sorting out, I have heard this morning on Radio Jersey, that people in states housing are getting cheaper Electricity. I am appalled many of them are going on holidays twice a year, have pool cars. My parents have struggled to buy their own home, and now are penalised by getting nothing, My mum gets a small amount from Income Support, but nothing else, where did the heating allowance go.

	Monthly
My parents Income OAP Pension	9 00
Dads small Income work pension	12 00
Mum Income allowance.	<u>1 50</u>
	Monthly x 12
	14 50
	<u>12</u>
	£ 17,4 0 0

Problem is they own their own home  
Penalised for saving.
