

I have received an e-mail asking for comments on the costs of Policing at Jersey Live?

Why allow people/businesses/companies to make a profit without the States passing on the costs for security. I dont pay my taxes so the likes of the 2 Warrens can make a tidy profit!!!

Too right events like the Air Display etc should be exempt, that is what we pay our taxes for....enjoyable family events where the majority of Jersey people can go and enjoy.....with the only profits going to Charity.

I'm totally fed up with hearing the twisted media coverage of these people crying about how sad its is that the costs of the Mutual Aid had to be passed on to the punters!! Lets make public the profits made by this business then see how honest and justified their price increases were.

Jersey Live is a great event for the people that go to see it, but I do object strongly to people making a profit out of my taxes.

And Yes.....mutual aid officers were justified.

Thank You

Steve Ruff
