## **Comments**

The Finance and Economics Committee, in supporting the proposition, recognises that the purchase is funded partly from the proceeds of a prior disposal of property in the administration of the Harbours and Airport Committee, with the remaining funding being provided by that Committee's Trading Fund. The Finance and Economics Committee considers that funding for property purchases of this nature, which are required to meet the operational needs of the Airport, should be provided by the Airport and not through the States' general funds.
