Note –

In accordance with the meeting dates fixed for 2010 by the Privileges and Procedures Committee, this meeting will continue, if necessary, on Wednesday 23rd and Thursday 24th June 2010.

Explanatory Note regarding subordinate legislation tabled at this meeting.

(See Item B)

R&O.56/2010.

This Order amends the Motor Traffic (Cabs – Fares and Charges) (Jersey) Order 2008 to increase the fares and charges for use of a controlled taxi cab, from the levels at which they were last set on 16th June 2008. All the figures in the Order are amended except the 30p unit for additional distances and waiting times (and the 20p for additional charges). Figures for initial distances, additional distances and waiting times are reduced, and fares for initial distances are increased, according to a formula that produces an average weighted increase which is intended to reflect the 6% rise in the RPI(Taxi) figure over the period.

The Order was made on 11th June 2010 and comes into force 28th June 2010.

WRITTEN QUESTIONS

(See Item I(a))

1. The Minister for Transport and Technical Services will table an answer to the following question asked by Deputy J.M. Maçon of St. Saviour–

“Does the Minister have any plans to introduce children’s toilet and baby changing facilities into the younger children’s play area (next to the Café) at Millbrook park, since this is the main area where children of potty training age play and the nearest toilets are the other side of the park, and if not, why?”

2. The Minister for Health and Social Services will table an answer to the following question asked by the Connétable of St. Lawrence–

“What consideration, if any, is being given to updating the Health Care (Registration) (Jersey) Law 1995? If no consideration is being given, will consideration be given to updating and revising those professions covered by the Law and will that change be made by Regulation or Order?”

3. The Minister for Economic Development will table an answer to the following question asked by Deputy M. Tadier of St. Brelade–

“Would the Minister be in favour of establishing a working party, in conjunction with the Constable of St Helier and Jersey Tourism, to establish a ‘Town Ambassador’ scheme employing local residents (often students or retired), voluntary or paid, to aid tourists with orientation, information and so on, as a way of promoting the tourism industry, optimising tourists’ on-Island experiences and thus increasing the likelihood of repeat custom, and if not, why?”

4. The Minister for Planning and Environment will table an answer to the following question asked by Deputy G.P. Southern of St. Helier–

“Given the Minister’s commitment to improving energy efficiency in the Island, what justification, if any does he have for the 5% (£54,000) reduction in energy efficiency grants in proposal PE-S4 of the Comprehensive Spending Review?”

5. The Chief Minister will table an answer to the following question asked by the Deputy of St. Martin–

“Given that in (a)(ii) of their Terms of Reference, Goodwin Hannah Ltd (GH) were required to investigate whether there was any conflict of interest on the part of States Employment Board which led to the failure to resolve the Consultant Gynaecologist’s suspension in a timely way, will the Chief Minister state whether this was investigated, whether any evidence of such conflict was received, and why nothing under this heading has been included in the redacted version of the Report?”

Will the Chief Minister provide GH’s findings outlining the procedural errors and conflicts of interest on the part of senior management at Health and Social Services which led to the prolongation of the Consultant Gynaecologist’s suspension?

Did GH receive any evidence of bullying or harassment of the Gynaecologist or his professional advisers during the period of his suspension, and, if so, what exactly were their findings on this specific issue?

Can the Chief Minister give an assurance that neither the hospital managers nor senior medical officers responsible for the catalogue of errors both in the initiation and continuation of the Consultant

Gynaecologist's suspension have been, or presently are involved in the cases of the two hospital doctors currently excluded or suspended?"

6. The Minister for Health and Social Services will table an answer to the following question asked by Deputy G.P. Southern of St. Helier—

“Will the Minister inform members of the extent to which access to chemotherapy for cancer patients is being rationed in Jersey and in particular to the drug ‘Avastin’ which is currently being trialled?”

7. The Minister for Treasury and Resources will table an answer to the following question asked by Deputy G.P. Southern of St. Helier—

“Will the Minister inform members on a department by department basis what grades of staff were involved in the drawing up of the Council of Ministers’ summary of the savings proposals and assure members that it was not solely the efforts of Chief Executive Officers and senior finance and other administrative directors?”

8. The Minister for Education, Sport and Culture will table an answer to the following question asked by Deputy G.P. Southern of St. Helier—

“Can the Minister confirm that under the savings proposal ESC-4 ‘re-defining core business for schools’ he plans to axe the employment of Modern Language assistants in secondary schools, and state how many posts this will involve and what other measures are included under this ‘re-definition’?”

Will he also state what proportion of the £298,000 saving this measure accounts for?

Will he assure the Assembly that such a cut will not reduce the standards achieved in foreign language examination grades achieved by our students especially in spoken French which is a proud and unique part of our Jersey heritage?

Can he state what impact this will have on the much-heralded initiative at Hautlieu School to introduce the International Baccalaureate (IB) which requires high standards in a second language study beyond the age of 16?

Will the Minister also state whether the posts have been advertised, but that shortlisting and the interview process has been suspended? When were appointments made in previous years in order to allow appointees to take up their places for the start of the new academic year in September?

Has any decision of the States on this matter in September been pre-empted by his department’s actions?”

9. The Minister for Transport and Technical Services will table an answer to the following question asked by the Deputy of St. Mary—

“Can the Minister give a date for the first use of the Energy from Waste plant at La Collette?”

Mindful of the critical importance of keeping emissions to the minimum, can the Minister advise the Assembly exactly how the emissions will be monitored?

Would the Minister detail which substances will be monitored and explain why these substances were selected and all others omitted?

For each substance can the Minister explain –

- (a) the time interval of the monitoring
- (b) the methods to be used
- (c) to what level of accuracy?

Will monitoring take place outside the plant, and, if so –

- (i) for which substances?
- (ii) what will be the time interval of the monitoring?
- (iii) what methods are to be used?
- (iv) to what level of accuracy?

In all cases, who will carry out the monitoring, when and how will it be checked and by whom?"

10. The Chief Minister will table an answer to the following question asked by the Deputy of St. Mary–

“Would the Chief Minister advise the Assembly which staff in his department are working solely or in part on work related to the Finance Industry? How many FTE’s are working in each of the following areas, or in combinations of these areas:–

- (i) media relations
- (ii) marketing
- (iii) arrangements for visits
- (iv) industry liaison
- (v) product development
- (vi) law drafting instructions
- (vii) political engagement with key audiences
- (viii) Anti-Money Laundering and anti-terrorism work
- (ix) negotiating TIEA’s and DTA’s

in other words, work which would not exist if the Finance Industry did not exist?

Can the Chief Minister list the laws brought to the States in 2007, 2008 and 2009 which concern any aspect of the Finance Industry, and state how much law drafting time was taken up by these laws in FTE’s?”

11. The Minister for Home Affairs will table an answer to the following question asked by the Deputy of St. Martin–

“With reference to the suspension of the Chief Officer of the States of Jersey Police, will the Minister inform Members of the cost to date to include –

- (a) the cost of the investigation carried out by the Wiltshire Police to date with a breakdown of these costs to include, travel, accommodation, subsistence and legal costs?
- (b) the legal cost incurred in relation to the Royal Court Hearings and the Complaint’s Board hearing in relation to defending appeals lodged by the suspended Chief Officer of the States of Jersey Police?
- (c) the cost of salaries and subsistence to cover the Chief Officer of the States of Jersey Police’s absence?
- (d) any ancillary costs not included above?

Who is monitoring the expenditure and from whose budget are these costs being funded?”

12. The Minister for Transport and Technical Services will table an answer to the following question asked by the Deputy of St. Mary–

“Can the Minister confirm that no detailed design work has been carried out on the Town Park?

Would he advise the name of the consultants who are carrying out preliminary work on the design, what work it is that they are doing and the cost of this work?

Can the Minister explain to the Assembly how consultants undertaking this work does not prejudice the eventual appointment of a team to do the actual work of designing the Park?”
13. The Chief Minister will table an answer to the following question asked by Deputy R.G. Le Hérissier of St. Saviour–

“Would the Chief Minister provide details of the full salary costs and benefits of all public servants earning over £100,000?”
14. The Minister for Home Affairs will table an answer to the following question asked by Deputy R.G. Le Hérissier of St. Saviour–

“How many complaints of rape have been made to the police in the last five calendar years and how many have resulted in convictions?”
15. The Minister for Home Affairs will table an answer to the following question asked by the Deputy of St. Mary–

“Can the Minister confirm that the Interim Report of the Metropolitan Police which was received on 10th November 2008 was used in the original suspension of the Chief Officer of the States of Jersey Police by his predecessor, former Deputy Andrew Lewis?”
16. The Minister for Treasury and Resources will table an answer to the following question asked by the Deputy of St. John–
