I. QUESTIONS

(b) – **Oral Questions**

(90 minutes)

Please note that there is an additional oral question (Number 12) which was received within the deadline for the submission of oral questions, but the approval process was not complete by the time the main Order Paper was printed. It appears in the numerical order it was drawn in the ballot.

1. Deputy R.G. Le Hérissier of St. Saviour will ask the following question of the Chief Minister –
“Following his response to a question on 11th March 2008, does the Chief Minister intend to bring legislation establishing a whistleblowing office to the Assembly and if so, when?”
2. Deputy G.C.L. Baudains of St. Clement will ask the following question of the Chief Minister –
“Would the Chief Minister state whether he continues to have confidence in the Managing Director of the Waterfront Enterprise Board?”
3. Deputy K.C. Lewis of St. Saviour will ask the following question of the Minister for Treasury and Resources –
“Further to his response to an oral question on 1st July 2008, would the Minister consider removing or lowering the impôt duty on road fuel to prevent transportation and food prices rising still further?”
4. Deputy S.S.P.A. Power of St. Brelade will ask the following question of the Minister for Housing –
“Can the Minister confirm how many ‘j’ category residents have exercised their right to buy ‘j’ category accommodation in the years 2005, 2006 and 2007, following changes to Housing policy, allowing them the right to buy property in Jersey immediately?”
5. Deputy S.C. Ferguson of St. Brelade will ask the following question of the Minister for Economic Development –
“Will the Minister explain what level of importance he is attaching to the report on a 3rd supermarket by the JCRA in view of the criticism by the Jersey Chamber of Commerce?”

6. Deputy G.P. Southern of St. Helier will ask the following question of the Minister for Treasury and Resources –

“In light of the results of the most recent survey of financial institutions, does the Minister consider that further growth of profits in FSI with consequent increases in tax revenues is probable this year?”

7. The Deputy of St. Martin will ask the following question of the Minister for Planning and Environment –

“How will the Minister reconcile current planning considerations/restrictions with the agreed incinerator building, particularly with regard to size and appropriateness of site, without frustrating its development?”

8. Deputy R.G. Le Hérisier of St. Saviour will ask the following question of the Minister for Transport and Technical Services –

“Are the costs associated with the bus texting service and the relocation of buses to the Albert Quay incorporated within the renewed contract entered into with Connex and, if not, who bears these costs and how much are they?”

9. Deputy P.N. Troy of St. Brelade will ask the following question of the Minister for Health and Social Services –

“Given the Medical Officer of Health’s concerns regarding Bellozanne emissions, would the Minister explain why he has not requested the Law Officers to consider prosecuting Transport and Technical Services under existing Health laws, why directives have not been issued to curb the input of metals and other toxic materials into the incinerator to reduce toxic emissions from the chimney and what action, if any, the Minister proposes to take?”

10. Senator S. Syvret will ask the following question of H.M. Attorney General –

“As this is the last States meeting before the summer recess, will the Attorney General enquire of each Connétable their electoral intentions and inform the Assembly of those Connétables who are retiring, those Connétables who will be standing down to seek re-election, and, if relevant, any Connétable who will not be standing down and will, instead, be continuing their present term of office?”

11. Deputy S.C. Ferguson of St. Brelade will ask the following question of the Minister for Housing-

“Has the Minister yet obtained the figures for properties owned by non residents?”

12. Senator S. Syvret will ask the following question of the Attorney General –

“Will the Attorney General inform the Assembly whether the Police have referred papers to him relating to a recent investigation into possible offences relating to the failure to protect children from abuse, and the risk of abuse, at Victoria College during the 1990’s, and, if so, whether any such possible offences should have been investigated and prosecuted at that time?”

13. Deputy P.N. Troy of St. Brelade will ask the following question of the Minister for Transport and Technical Services –

“Will the Minister undertake to circulate a list of materials being put into the Bellozanne

incinerator to Members, listing annual tonnage and grading the toxicity levels of each type of material, and suggest which toxic materials could be withdrawn from the incinerator input process within 6 months, and will he detail the current procedures for the disposal of ash/fly ash from the incinerator, and provide the frequency of toxicity testing?”

14. Deputy G.P. Southern of St. Helier will ask the following question of the Minister for Planning and Environment –

“Is the Minister satisfied that the Island Plan Review: Strategic Options green paper contains open rather than leading questions and will he advise what bodies were involved in drafting the questions?”

15. Deputy K.C. Lewis of St. Saviour will ask the following question of the Minister for Transport and Technical Services –

“Would the Minister inform members when the repairs to the breach in the south coast sea wall will be complete?”

16. Deputy P.V.F. Le Claire of St. Helier will ask the following question of the Minister for Health and Social Services –

“Given that the Medical Officer of Health has called for an up to date food hygiene law following several incidents of food poisoning in the Island, what action, if any, is being taken to implement one as soon as possible and will labels on food which indicate ‘best before’ and ‘sell by’ dates be included in any such legislation?”

17. Deputy J.A. Martin of St. Helier will ask the following question of the Chief Minister –

“Can the Minister advise Members whether the definitive inward Migration figure that the States will be asked to decide from the current scenarios put forward, will replace the 1% growth or 500 jobs per year agreed during the Migration policy debate (P25/2005 refers) or will both figures run alongside each other?”
