Subject: RE: telephone masts

Dear Mr Breckon

Thank you for your reply. I confirm that you may pass this on to the Scrutiny Officer and I am happy for it to be put in the public domain. By "our land" I mean that the proposed masts are to be put on land that I own namely Mont Mallet which borders National Trust land around Victoria Tower. I hope this answers your queries and I hope you can be of help to me with this matter.

Kind regards

>Dear Mr Breckon

>

>I have attached a copy of a letter sent to various relevant parties
>stating some concerns regarding unanswered questions re health
>concerns

>

>associated with proposed phone masts on our land.

>Naturally, I am aware that I am far from alone in my worries but as one

>of the proposed, and now approved sites is on my land, my concerns

>increase daily. Contrary to the "no surprise" expressed by the Jersey

>Mobile Mast Concern Group, I was amazed by the passing of these sites

>prior to a result from the scrutiny panel. I have from the initial

>talks with the phone co's expressed nothing but concern on many

>levels. The area to which I refer is Mont Mallet, St. Martin. This is a
>heavily built up area and one where we already have a mast on Gorey
>Pier and another (J.Telecoms) looming above our property and extremely
>close to others who also have great fears for their health. I believe
>J. Telecoms have made some noises about moving their mast but to where
>and when? This piece of land is also environmentally important and
>fragile and for
>
>me to commit to this sort of ground and air impact is, I feel, unfair
>to many others who enjoy leisure time here. I was amazed to hear that a
>meeting had taken place with one of the phone companies and the
>planning dept when they assured me that their application would be
>passed (even quoting the date), When we requested a meeting early on in
>these discussions in order to talk about the sensitivity of the area,
>it was denied on the grounds of the dept being too busy.
>It may seem strange to have allowed the proceedings to go this far but
>a) during a telephone conversation with a member of staff at planning we
>
>were told that masts were definitely going to go up at this site and we
>felt so directly affected that we needed some sort of control as to
>where and b) I also had some confidence in planning to put the health
>
>of locals above the needs of these non local companies and allow The
>Scrutiny Panel to pursue and complete a report. I am grateful for your
>time in reading the above and my attached letter and would request if
>at all possible, a short time to show you the land in question. This is
>a major concern for myself and family and I have found it extremely
>difficult to know from whom to seek advice. Thanking you in
>anticipation,
