STATES GREFFE

MANAGEMENT AND MAINTENANCE OF HAVRE DES PAS BATHING
POOL AND CAFE (P.68/2024): AMENDMENT

1 PAGE 2, PARAGRAPH (b) –

For the words “extend the contract of the current tenant of” substitute the words “permit the business currently operating in”.

For the words “, should the tenant so wish, until such time as” substitute the words “to continue to trade as normal until”.

After the word “completed” insert the words “, should the business operator so wish”.

DEPUTY D.J. WARR OF ST. HELIER SOUTH

Note: After this amendment, the proposition would read as follows –

THE STATES are asked to decide whether they are of opinion –

to request the Minister for Infrastructure –

(a) to put the contract for the management and maintenance of the Havre des Pas Bathing Pool and Cafe out to tender, with a view to concluding such tender process before the end of 2024, subject to the completion of all necessary underlying contractual obligations; and

(b) to permit the business currently operating in the Lido, Havre des Pas Bathing Pool to continue to trade as normal until the tender process is completed, should the business operator so wish.

REPORT

In part b) of my original proposition I asked to "to extend the current contract", however as there is currently no lease in place and by extension no contract it is incorrect for me to ask the Assembly to "extend the existing contract". I have therefore updated part b) of my proposition to reflect the very unsatisfactory position in which the current operator finds themselves. The request though remains the same, to continue trading and not close whilst a tender process is in effect.

Financial and staffing implications

This amendment results in no additional financial and staffing implications beyond what was set out in the proposition it seeks to amend.

Children's Rights Impact Assessment

A Children's Rights Impact Assessment (CRIA) has been prepared in relation to this proposition and is available to read on the States Assembly website.
