DRAFT POSTAL SERVICES (JERSEY) LAW 2004 (APPOINTED DAY) (No. 2) ACT 200-

REPORT

This revised Appointed Day Act (which replaces P.8/2006) is necessary in order to reflect the delay to incorporation caused by the decision of the Economic Affairs Scrutiny Panel to scrutinise the fulfilment policy and the effects upon incorporation of Jersey Post.

This new draft Act will have the effect of bringing fully into force the new arrangements for postal services in Jersey set out in the Law. The revised date of 1st July 2006 has been agreed in principle with the Minister for Treasury and Resources because it is vital that the staff, assets and liabilities of the present Minister for Economic Development are also transferred on that date. The Minister for Treasury and Resources is expected shortly to lodge an amendment to the Draft Postal Services (Transfer) (Jersey) Regulations 200- for debate by the States on the same day as it debates this draft Act.

Explanatory Note

The purpose of this Act is to appoint 1st July 2006 as the day for the commencement of the provisions of the Postal Services (Jersey) Law 2004 that so far have not come into force. The Law was adopted by the States on 30th March 2004 (P.24 of 2004) and registered in the Royal Court on 10th September 2004. Many of its provisions (the formal provisions and those dealing with licensing and the framework for the transfer from the Committee to the company) came into force on 11th October 2004 (Postal Services (Jersey) Law 2004 (Appointed Day) Act 2004).

The provisions that will now come into force deal with the requirement to hold a licence under the Law, powers relating to land, offences in relation to postal services, the entry and search of premises, the repeal of the Post Office (Jersey) Law 1969, and the amendment and repeal of certain other legislation. They include also most of the savings and transitional and consequential provisions.
