4th October 2023

Dear Minister,

Marine Strategy

Following the recent media articles that there are plans to propose a marine park by the end of 2023 by the Minister for the Environment, have you considered the impact this industry may have on the economy overall and in particular, the fishing community. In addition, could you inform the Panel of how the enforcement of the marine park will be controlled?

We would be grateful if you could respond to this no later by 11th October in line with the 5 working days approved for responses between Scrutiny Panels and Ministers.

If you have any questions regarding this or our work in general, please do not hesitate to contact me. Please note that unless otherwise stated, all letters will be uploaded to the Scrutiny website as a matter of course.

Yours sincerely,

Deputy Moz Scott
Chair
Economic and International Affairs Scrutiny Panel
