DRAFT REGULATION OF INVESTIGATORY POWERS (JERSEY) LAW 200- (P.196/2004): COMMENTS

**Presented to the States on 30th November 2004
by the Finance and Economics Committee**

STATES GREFFE

COMMENTS

The Finance and Economics Committee notes that this Law was originally promoted as having no financial consequences and is disappointed to note that there are now significant revenue and capital cost implications identified, some of which are unquantified and for which a funding source has not yet been considered, in addition to which the States headcount would grow by more than 9 posts.

The Committee is unable to assure the States when, where or how funding for this Law, if approved, will be found.

On this basis the Finance and Economics Committee is unable to support this Report and Proposition at a time of financial restraint.
