Record of Meeting

Date: 22nd January 2024

Present	Deputy Catherine Curtis, Chair Connétable Mark Labey, Vice-Chair Deputy Beatriz Porée, Member
In attendance	Katherine de Carteret, Committee and Panel Officer Joseph Brannigan, Research and Project Officer Katie Bastiman, Communications Officer (Item 3 only)

Agenda matter	Action
1. Records of Meetings The Panel noted and approved the records of the meetings held on 21st and 27th November, and 4th and 18th December 2023.	
2. Quarterly Hearing with the Minister for Justice and Home Affairs The Panel noted it had been due to receive Minister for Justice and Home Affairs for its first Quarterly Hearing of the year on 24 th January 2024. Following the States Assembly's approval of the Vote of No Confidence: Chief Minister (P.1/2024), the hearing had been cancelled. The Panel agreed to review all its arranged 2024 quarterly hearing dates at the earliest opportunity, following the appointment of incoming Ministers.	
3. Briefing: Inclusive language and the LGBTQ+ community The Panel received a presentation and briefing on 'Inclusive language and the LGBTQ+ community' from the Communications Officer. It was noted that the information provided by the briefing might be particularly useful in the context of the Panel's review of the Draft Children and Civil Status (Amendments) (Jersey) Law 202-. The Panel was provided with information and some brief context to highlight the importance of choosing inclusive language when referring to the LGBTQ+ community and, briefly, how the use of language had changed for that community over time. The Panel had the opportunity to ask questions and it was confirmed that the Communications Officer would be happy to assist with any queries in future. It was confirmed that a copy of the presentation would be shared with the Panel via Teams after the briefing, for future reference. The Panel thanked the Communications Officer, and she left the meeting.	

<p>4. Draft Children and Civil Status (Amendments) (Jersey) Law 202- (P.104/2023)</p> <p>The Panel discussed the current status of its review of the Draft Children and Civil Status (Amendments) (Jersey) Law 202- (P.104/2023).</p> <p>The Panel noted that, following the approval of P.1/2024, the Assistant Minister for Children and Education had asked the Chair whether the Panel would consider withdrawing its review of P.104/2023, so that the Assembly could consider a shortened lodging period. On Wednesday 17th January 2024, the Chair consulted with the Panel members and subsequently contacted the Assistant Minister by email to confirm that the Panel would continue with its review.</p> <p>Whilst the Panel noted its sympathy with the potential for further delay to the debate, it was agreed that the objective approach was to ensure that the Panel fulfilled its obligation to undertake legislative scrutiny.</p> <p>The Panel noted that the evidence gathering stage could continue to collect evidence from external stakeholders in period of time before a new Council of Ministers was formed, however, the Panel agreed that it would not send its review-based queries to the Minister for Children and Education or Assistant Minister until the future incumbent(s) of the post were confirmed.</p> <p>The Panel noted that, to date, it had received 2 submissions from members of the public responding to its open call for evidence. The Panel referenced some negative comments posted on the social media promotions of its review, but that this viewpoint had not been reflected in the formal submissions to the review to date.</p> <p>The Panel requested that its officers send follow up correspondence by email to the targeted stakeholders who had not responded by the initial deadline (24th January 2024) in order to ascertain whether they would be providing a submission.</p> <p>The Panel agreed that it would appraise its planned review timeframe and agree the next steps at its meeting on 12th February 2024.</p>	<p>KdC / JB</p>
<p>5. Draft Children and Young People (Jersey) Commencement Act 202- (P.2/2024)</p> <p>The Panel discussed the lodging of P.2/2024 and noted a brief history of the scrutiny undertaken on the Draft Children and Young People (Jersey) Law to date. The Panel agreed to invite the Minister for Children and Education to a briefing, in due course, to discuss any outstanding queries that the Panel had ahead of the debate of P.2/2024.</p> <p>Officers undertook to draft a briefing paper for the Panel with some further details about the background and context relevant to P.2/2024.</p>	<p>KdC / JB</p>
<p>6. Scrutiny Review: Secondary Education Funding</p> <p>The Panel discussed the next steps of its review and noted that it planned to take it forward without the support of an expert advisor.</p> <p>The Panel had sought quotes from external providers to help with the analysis of its survey responses. The Panel agreed that it would not be appropriate to take forward this work or submit approval requests to the Scrutiny Liaison Committee (SLC) for changes to the funding approval until after the new Council of Ministers was appointed (and any resulting changes to the SLC had been made as a consequence).</p>	<p>KdC/ JB</p>

<p>The Panel instructed officers to contact the targeted stakeholders to follow up on engagement with the review.</p>	
<p>7. Feedback on the Draft Children and Families’ Plan 2024-2027</p> <p>The Panel discussed the Draft Children and Families’ Plan 2024-2027 (the ‘draft Plan’), which it had been sent to the Panel at the request of the Minister for Children and Education on 11th January 2024 for its comments as part of an initial review. Feedback was requested to be provided by 22nd January 2024.</p> <p>The Panel agreed that it would not be appropriate to provide political feedback to Government at this juncture following the Vote of No Confidence: Chief Minister (P.1/2024), whilst there was no Council of Ministers in place.</p> <p>The Panel instructed officers to convey this feedback to the relevant Government Officer but requested that, if possible, it be included as a consultee at the next stage of the drafting process, whether this be through a briefing or the opportunity to provide its comments on the next version of the draft Plan.</p>	<p>KdC</p>
<p>8. States Business</p> <p>The Panel noted the recent Letters, Reports and Ministerial Decisions that had been shared with the Panel and added to its Microsoft Teams folder since the previous meeting.</p> <p>The Panel noted the recent vote of no confidence in the Chief Minister and the impact it had on the Panels work in the near term.</p> <p>The Panel noted that the debate on the ‘Draft Crime (Public Order) (Jersey) Law 202-‘(P.97/2023) had been deferred by the Minister for Justice and Home Affairs on Wednesday 17th January 2024. The Panel had submitted a comments paper on the proposition but had highlighted in that paper that it had not had time to review the Child Rights Impact Assessment (CRIA) prior to the debate. The Panel noted that the relevant CRIA had since been presented as an addendum to the proposition and noted that it could therefore consider this in more detail before the debate. The Panel agreed to consider whether it had any further comments on the CRIA related to P.97/2023.</p>	
<p>9. Work programme</p> <p>The Panel noted its planned work programme, but acknowledged that it was subject to change, depending on the forthcoming decisions made in the States Assembly.</p>	
<p>10. Any Other Business</p> <p>The Panel noted the following matters:</p> <ul style="list-style-type: none"> • School uniform vendor JSSK was to close. The school uniform policy change that limits the number of compulsory bespoke items in schools was cited as a factor in this decision. • The Panel considered inviting the All Matters Neurodiverse Jersey Chair in for a meeting to discuss neurodiverse support available in Jersey. • The Panel noted that the Bailiff had introduced new guidance to support children and young people appearing in court. The Panel noted that it had not seen the guidance in advance, as it was not issued through a Ministerial department. • The Panel noted that the 2023 BeHeard Survey results for Government of Jersey Departments had been published and that the CYPES Department 	

<p>had received an index score below the public sector average. The Panel agreed to make some further enquiries about the results in due course.</p> <ul style="list-style-type: none"> • The Panel noted that a member of the public who had contacted the Chair with concerns in relation to the CYPES Department had been signposted towards the Corporate Services Scrutiny Panel's Follow-up review of People and Culture. 	
<p>11. Future Meetings</p> <p>The Panel noted that its next scheduled meeting was due to take place at 9:00am on Monday 12th February 2024 in Le Capelain Room, States Building.</p>

<p>1. Records of Meetings</p> <p>The Panel noted its approval of records of meetings held on 11th and 22nd January 2024 electronically prior to the meeting.</p>	
<p>2. Schedule of Quarterly Hearings for 2024</p> <p>The Panel's noted a number of changes that had been made to the schedule of quarterly Public Hearing dates for 2024 following the change of Government and confirmation of new Ministers. It was noted that the Government had publicised its intention to change the Minister for Children and Education role into two Ministries, namely, a 'Minister for Children and Families' and a 'Minister for Education and Lifelong Learning'. The current Minister for Children and Education would become the Minister for Children and Families and an election would be held to appoint the Minister for Education and Lifelong Learning in due course.</p> <p>The Panel noted its intent to utilise the Public Hearing dates it had arranged with the Minister for Children and Education for the Public Hearings with the Minister for Children and Families. Dates for separate Hearings with the Minister for Education and Lifelong Learning would be arranged in due course, once appointed.</p> <p>The Panel discussed question areas for its next Public Hearings with the Minister for Children and Education on 7th March 2024 (with the anticipation that this would be focused on the Children and Families remit) and the Minister for Justice and Home Affairs (24th April 2024).</p> <p>The Panel noted that the Prison Governor had been invited to attend its next Public Hearing with the Minister for Justice and Home Affairs on 24th April 2024. The Panel agreed to review the question plan, which had been prepared for its cancelled Public Hearing on 24th January 2024, and to adapt questions accordingly for the new Minister.</p>	KdC / JB
<p>3. Draft Children and Civil Status (Amendments) (Jersey) Law 202-(P.104/2023)</p> <p>The Panel noted the content of a briefing paper and received an update from the Committee and Panel Officer on the status of the Scrutiny review of the Draft Children and Civil Status (Amendments) (Jersey) Law 202- (P.104/2023) (the 'Review'). The Panel also noted the correspondence log, which included details of the submissions</p>

received to date. The Chair undertook to directly contact a key stakeholder who had yet to respond to the Panel's correspondence.

The Panel discussed timings for the Review, which had been impacted by the change of Government and uncertainty over whether Panel membership would change. The Proposition was currently listed on the States Assembly Order Paper for 19th March 2024.

The Panel also discussed whether it wanted to call the Minister for Children and Education, or invite other stakeholders, to Hearings to gather further evidence for the Review. The Committee and Panel Officer advised that, if the Panel was minded to do this, it would be necessary to hold any Hearings the week commencing 19th February at the latest, in order to produce written output for the Review in advance of the States Assembly sitting on 19th March 2024. It was highlighted that this timing would be challenging and, if the Panel did want to hold a Hearing, it should be prepared to further discuss the debate date with the Minister and, if necessary, formally call the Proposition in for further scrutiny on 19th March 2024.

The Panel noted its electronic approval of a letter to the Minister for Children and Education on 7th February 2024. The Minister's response was expected to be received on 14th February 2024; however, the Panel had been notified that responses to a small number of the questions would follow on 23rd February (due to some key officer absence during half term). The Panel acknowledged that its letter had been lengthy and was content with this approach.

The Panel discussed some of the matters which had been highlighted to it in submissions to the Review so far. One of the themes of submissions received from the members of the public had been about delays in progressing the legislation which would support the rights of same-sex parents and the problems and challenges that this was causing for local families.

The Panel discussed the merits of collecting further evidence for its Review through a Hearing but was mindful that a further delay for the debate of the Proposition would be a minimum of 4 weeks, as the Assembly sitting after 19th March was 16th April 2024 (after Easter holidays).

The Panel had not collected any evidence to date that raised specific concerns about the draft Proposition, and it was hoped that the Minister's written response would capture information on some of the outstanding queries.

The Panel agreed that, at this time, it would not schedule Public Hearings for the review and would not ask the Minister to agree to a further deferral of the debate. The Panel agreed that it would work to complete its Review and publish written output during the week commencing 11th March 2024.

The Panel agreed that it would present its Review findings in a Scrutiny Report, if possible, but agreed that a Comments Paper would be acceptable if a report could not be completed in the required deadline.

4. Draft Children and Young People (Jersey) Commencement Act 202- (P.2/2024)

The Panel noted and discussed a briefing paper prepared by its officers in respect of the Draft Children and Young People (Jersey) Commencement Act 202- (P.2/2024).

<p>The Panel then reviewed and approved, subject to minor amendments, a draft letter to the Minister for Children and Education in respect of P.2/2024.</p>	<p>KdC</p>
<p>5. Secondary Education Funding Review</p> <p>The Panel noted a briefing paper with updates on the Secondary Education Funding Review. The next steps were discussed, and it was agreed to secure services of a third party to undertake the analysis of the survey responses from the original expert advisor funding.</p> <p>The Panel agreed to provide a notification to the Scrutiny Liaison Committee (SLC) of a budget reduction in due course.</p> <p>The Panel reiterated its desire to progress with the review at the earliest opportunity.</p>	<p>KdC / JB</p>
<p>6. States Business</p> <p>The Panel noted the recent Letters, Reports, and Ministerial Decisions that had been shared with the Panel and added to its Microsoft Teams folder since the previous meeting.</p> <p>The Panel also noted the appointment of new Ministers and Assistant Ministers in the States Assembly and other recent changes to Scrutiny Panels, which would also impact the Scrutiny Liaison Committee.</p>	
<p>7. Work Programme</p> <p>The Panel noted its planned work programme for 2024 and provided a number of suggested updates to officers.</p> <p>The Panel requested that officers arrange visits to primary schools in relation to its interest in the progress of the school meals programme.</p>	<p>KdC</p>
<p>8. Any Other Business</p> <p>The Panel discussed:</p> <ul style="list-style-type: none"> • Assigning delegated topic areas to different Panel Members to act as the Panel’s spokesperson. The Panel agreed to consider this further before agreeing delegations. • The UK Online Safety Bill and considered its impact on children and queried its impact on Jersey. The Panel asked its officers to prepare a briefing paper in this regard for discussion at its next meeting on 4th March 2024. • The Government’s intention to nominate Deputy Rob Ward as the Minister for Education and Lifelong Learning. Deputy Ward was a member of the ‘Reform Jersey’ Political Party, as were Deputies Curtis and Porée. If Deputy Ward’s election as Minister was approved by the Assembly, the officer confirmed that the political party connection was not considered to be a conflict or a restriction on the role of the Scrutiny Panel and referenced that scrutiny from members within the same political party was standard in other jurisdictions. As ever, all elected members would need to abide by the Standing Orders of the Assembly and the relevant Codes of Practice (for Scrutiny Panels / Ministers / Engagement). The Panel noted the importance of impartiality and objectivity in Panel proceedings. 	<p>KdC/ JB</p>

Children, Education and Home Affairs Scrutiny Panel

Record of Meeting

Date: 10th May 2024

Present	Deputy Catherine Curtis, Chair Connétable Mark Labey, Vice-Chair Deputy Beatriz Porée, Member
In attendance	Fiona Vacher, Executive Director, Jersey Child Care Trust Katherine de Carteret, Committee and Panel Officer Joseph Brannigan, Research and Project Officer

Agenda matter	Action
<p>1. Early Years</p> <p>The Panel received Fiona Vacher, Executive Director of the Jersey Child Care Trust (the Executive Director) to discuss Early Years education and childcare in Jersey.</p> <p>The Panel had invited the Executive Director to meet with them, in order to provide her expert insight and further perspective on the Early Years sector, which had been an area of interest to the Panel and had also been listed as a priority in the Council of Ministers' proposed Common Strategic Policy for 2024-2026 [P.21/2024] (namely, to "extend nursery and childcare provision").</p> <p>Connétable Labey and Deputy Porée each advised the meeting that members of their respective households were employed in the Early Years sector in Jersey.</p> <p>The Executive Director began by emphasising the importance of early life experiences for children, including impact on their future development, and advised the Panel that 80% of a child's brain was developed by the age of 3.</p> <p>The Panel was advised that the Jersey Child Care Trust (JCCT) was a registered charity in Jersey. It undertook support work to help children have their best start in life, and to make a positive difference to children's future development. The JCCT currently supported 60 children with disabilities in nurseries across Jersey who had the highest level of need in terms of support. The JCCT also fund nursery places for 2-3 year olds who all live in poverty and have a developmental delay, circa 10% of the 2-3 year old population.</p> <p>The Executive Director opined that there was insufficient support available to the tier of children under those who classified with the highest level of need. In response to questions from the Panel, it was explained that families who qualified for income support benefit were not the only families supported by the JCCT and that some of the families who did not qualify for income support were the most vulnerable. For example, this included people who had lived in the Island for under 5 years or those who earned just over the threshold for income support but had very little disposable income after housing costs.</p>	

The Panel was advised that the JCCT had observed an increase in the number of families supported where there were two working parents, but the family was living in poverty.

Nursery provision and challenges

Parallels between the proposals to extend nursery childcare provision in Jersey and the proposals in the United Kingdom were discussed. The importance of supporting all families with either working or non-working parents was also highlighted, so that no children were disadvantaged or excluded from early years settings.

The Executive Director highlighted that maintaining, or improving, the quality of nursery care had to be the key priority for any change made by Government. It was explained that extensive evidence from research proves that it could be damaging for a child to go into a setting that did not support their needs.

The Executive Director detailed a number of challenges currently facing the Early Years sector, including a loss of staff (to retirement, relocation or other industries) and that a number of staff who had qualifications and experience were being paid minimum wage, and suggested that this did not make it an appealing career for individuals in the long term. The Panel was advised that the JCCT had worked to address this challenge by creating different tiers of roles in their own organisation, to allow progression and career development. There were a number of barriers discussed around the challenges of recruitment and retention, and some possible solutions discussed included the possibility of more apprenticeships.

It was noted that Early Years childcare qualifications were mainly attained locally through Highlands College. It was estimated that the full time level 3 course had approximately 40 students per year, but that not all these students went to work in day nurseries. It was suggested that this was because it was highly pressured work, with long working hours for minimum wage pay.

The Panel noted that recent changes had been made to Jersey's work permit policy and that various jobs relevant to the Early Years sector were now included in the list of skilled occupations, which would allow individuals to come to Jersey to work on a work permit as nursery assistants or childcare assistants, etc.

The complexities of the recruitment and retention were acknowledged by the Panel.

The issue of high insurance costs for day nurseries and childcare providers was briefly discussed and noted as a current challenge.

The use of the Nursery Education Fund (NEF) was also discussed, and the Panel agreed that it would gather some more information about the NEF, to further understand its operation and governance. During the discussion it was highlighted that there was no requirement for nurseries receiving NEF funding to pay staff the living wage.

Poverty

The Panel discussed the impact of poverty on childhood. The Panel was advised that the JCCT, other third sector providers, and the Government of Jersey were all undertaking activity to help children living in poverty have a better future. However, the Executive Director highlighted that the work was not captured under one strategic view or strategy with an agreed collective objective, for example: "eradicating

<p>childhood poverty”. She opined that there should be an overarching strategy and that the lead for any strategic vision to eradicate childhood poverty had to come from Government and would, ideally, include centralised data capture.</p>	
--	--

<p>The Panel noted that the Children, Young People and Families’ Plan for 2024-2027 was due to be published shortly but recalled that “poverty” was not specifically mentioned in the document.</p>	
---	--

<p>The Panel thanked the Executive Director for her time and insight, and the meeting was concluded.</p>
