24/08/11, Item 1 517/15(8)	<p>1. Comprehensive Spending Review (CSR) 2</p> <p>The Panel discussed Amendment 6 to the Annual Business Plan (P. 123/2011) lodged by the Chairman. The Panel recalled that it had not approved the lodging of this amendment in the Panel name. Whilst recognizing the time restraints on amendments to the Annual Business Plan, there was dissatisfaction with the manner in which this amendment had been created, with a specific requirement that the following two points be recorded:</p> <ol style="list-style-type: none"> 1. There was particular concern that there had been no Panel discussion about it; 2. The Chairman could be seen to be attempting to use the Panel to pursue his own work. <p>The Panel then turned its attention to the draft of the CSR2 Report and discussed amendments to some key findings and recommendations. The report was approved in principle. The changes to the key findings and recommendations were to be drafted by the Chairman and Officer and circulated to the Panel electronically for final approval.</p>
