The comments of the Minister for Planning and Environment state that “Any further additions to this amount” (£160,000) “will therefore need funds to be identified centrally for this purpose.” The Minister for Treasury and Resources confirms that no provision is available for this purpose. If either Amendments (4) or (5) to P.130/2010 are approved, then additional funding would need to be met from within the approved net revenue expenditure allocation for the Planning and Environment Department.
