

I'm a 33yrs old jersey girl, I have lived here all my life and grew up on Fort Regents fun and entertainment.

I use to go from the age of 13yrs to the roller disco in the Fort and also use the outside fun fair. Many fond memories there, especially the big boat ride that use to swing and make you feel sick, all part of the fun of being a kid. The Fort should be brought back to its former glory, the kids are always moaning there is nowhere for then to go, make it as it was with the cable cars in the 80's.

Bring back the old Fort Regent.
