STATES GREFFE

DRAFT RESTRICTION ON SMOKING (ADVERTISING, PROMOTION AND
DISPLAY) (JERSEY) REGULATIONS 201- (P.17/2013): AMENDMENT

PAGE 30, REGULATION 29 –

- (a) after Regulation 28 insert the following Regulation –

“29 Application of Regulations to the territorial sea

These Regulations do not apply to a vessel of any description that is within the territorial sea adjacent to Jersey.”.

- (b) Renumber the existing Regulation 29 as Regulation 30.

MINISTER FOR HEALTH AND SOCIAL SERVICES

REPORT

There are currently no local Regulations in Jersey that control tobacco advertising and promotion. The Draft Restriction on Smoking (Advertising, Promotion and Display) (Jersey) Regulations 201-, which are similar to equivalent legislation in the UK and Guernsey, would prohibit the advertising and promotion of tobacco and also prohibit the practice of point of sale display.

This amendment enables the original policy objective (requiring all vessels who sell tobacco, operating into and out of Jersey, to be subject to the same requirements set out in the Regulations, as apply to onshore retailers) to be met when a vessel is in internal waters (including harbours), whilst having regard to Jersey's international obligations under the UN Convention on the Law of the Sea.

Financial and manpower implications

There are no financial or manpower implications for the States arising from this amendment.
