

**Subject: Hospital**

Morning Jeremy. are you on the Health Committee??

The fact that only 2 extra beds will be created is an absolute disgrace when the population is growing at the rate of knots . WHY can 't the hospital be built UP why is all that money being spent to buy two hotels so the hospital can go outwards. CHatting to my GP yesterday she said that the hospital in GLASGOW with 2000 beds cost HALF the proposed cost of Jersey. How can they do it but we can't BARBARA PERCHARD
