4) Is a full Children's Rights Impact Assessment required?  
If you have identified impacts on children and their rights, a full CRIA should be completed. If no impacts are identified then a Full CRIA is not required, but please explain your rationale and how you reached this conclusion

No. As a full CRIA was produced for the Marine Spatial Plan: [CRIA](#) and this amendment does not include any additional impacts to children's rights. Therefore, a full CRIA is not required.
